I, Eric Baxter, declare as follows:

1. I am Senior Counsel at the Becket Fund for Religious Liberty. I represent Business Leaders in Christ (BLinC), a student group at the University of Iowa, in the above-captioned matter.

2. Attached as **Exhibit A** are copies of letters and memoranda produced by the University of Iowa, in which the University affirms that its Human Rights Policy allows religious student organizations to restrict leadership positions to individuals who embrace their religious beliefs.

3. In the course of discovery, the University of Iowa has produced documents labeled starting at 1526 and continuing to 2399, which are copies of student-organization constitutions reviewed by the University for compliance with its Human Rights Policy. The reviews appear to have taken place between 2002 and 2018. A review-summary sheet is included for some of the constitutions. Attached as Exhibits B1 through B3 are charts compiled by counsel for BLinC, which list the constitutions reviewed and identify any membership or leadership restrictions imposed by each of the student organizations. The chart also includes a link to the version of the constitution currently posted to the University's website for student organizations.

4. Attached as **Exhibit C** is a document produced by the University of Iowa showing that the University engaged in a systematic review targeting religious organizations for compliance with its Human Rights Policy.

5. Attached as **Exhibit D** are documents concerning the University of Iowa's investigation of the student organization 24:7.

6. In the course of discovery, the University of Iowa has produced documents reflecting comments of various University officials concerning the University's Human Rights Policy. Notes that appear to reflect comments from Thomas Baker are attached as **Exhibit E**. Notes that appear to reflect the comments of William Nelson and Kristi Finger are attached as **Exhibit F**.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.

Executed on this 4th day of June, 2018.

MEMO TO: Alice Mathis

FROM: Phillip E. Jones

RE: Christian Legal Society

We have consulted with the Office of General Counsel about the constitution for this organization. Based on a legal review, there appear to be no first amendment violations in the organization's constitution for local participation in a religious organization. Clearly, the practices of the organization will have to be consistent with the spirit of open participation. They may be notified through the standard methods used for recognizing all organizations. I am enclosing the Constitution and the letter sent to me by the organization for your information.

Dean Phillip Jones  
114 Jessup Hall  
Iowa City, Iowa 52242

Dear Dean Jones,

David Grady advised me to address this letter to you. The purpose of this letter and the accompanying materials is to seek official recognition of a new Graduate & Professional Student Senate Group (GPSS), the Christian Legal Society Student Chapter of the University of Iowa College of Law. Please find enclosed a completed Student Organization Recognition Form and two copies of our chapter's constitution.

Please be aware that our constitution modifies the non-discrimination provision required by the Office of Student Life. Near the beginning of our efforts to obtain university recognition, we were informed that the following language should be included in our group's constitution:

"In no aspect of its programs shall there be any difference in the treatment of persons because of race, national origin, color, creed, religion, sex, age disability, veteran status, sexual orientation, gender identity, or associational preference, or any other classification which would deprive the person of consideration as an individual. The organization will guarantee that equal opportunity and equal access to membership, programming, facilities, and benefits shall be open to all persons." As discussed in more detail below, we are concerned that following our sincerely held religious beliefs may conflict with the non-discrimination pledge. As a result, we have modified the non-discrimination provision of our constitution and ask your approval of our request for recognition and the attendant benefits.

A. Statement of Faith and Religion Non-Discrimination Requirement.

Our group desires to associate with the national Christian Legal Society (CLS) organization. In order to become an "affiliated" chapter of CLS, our group must adopt by-laws suggested by CLS, something we are happy to do. Consistent with CLS guidelines, the "Membership" provision of our Constitution provides as follows: Membership in this Chapter shall be open to all students at the College who agree with the mission and purposes set forth in Art. II. As stipulated in Art. IV, all chapter officers must be N-CLS [National CLS] members.

In order to become a member of national CLS, an individual must, among other things, sign the following statement of faith:

Trusting in Jesus Christ as my Savior, I believe in:

1. One God, eternally existent in three persons, Father, Son and Holy Spirit
2. God the Father Almighty, Maker of heaven and earth
3. The Deity of our Lord, Jesus Christ, God's only Son, conceived of the Holy Spirit, born of the virgin Mary; His vicarious death for our sins through which we receive eternal life; His bodily resurrection and personal return
4. The presence and power of the Holy Spirit in the work of regeneration
5. The Bible as the inspired Word of God

Our attached constitution is consistent with this requirement and with our own religious beliefs.

We acknowledge the possibility that the Office of Student Life, the Student Activities Board, or the appropriate legislative body of the UISG might conclude that our group commits "discrimination" on account of "creed" or "religion" by requiring that our officers make this profession of faith or by requiring members to share the mission and purposes of the organization. We therefore wanted to anticipate any concerns those bodies might have and to address them.

First of all, we do not believe that requiring group leaders to affirm the group's organizing principles constitutes "discrimination" in the sense that word is used in the policy. In the legal context, discrimination occurs when an individual or entity invidiously relies upon an irrelevant factor. For example, discrimination occurs when an employer refuses to hire a black job applicant simply because the employer harbors some animus towards African-Americans.

Yet our chapter's desire that its officers embrace the group's core beliefs does not even remotely resemble the ugly, arbitrary, and unfair acts targeted by anti-discrimination rules. We believe that the chapter cannot serve its purpose, fulfill its mission, and retain its identity unless its officers and those who proclaim the group's message affirm those beliefs that define the group. This belief does not reflect any animus towards those who are unable to embrace these beliefs. In fact, we believe our group would be a failure if non-Christians were not welcomed; we earnestly desire relationships with non-Christians, so that we can share the good news that God has reached out to man through an ancient Nazarene named Jesus.

Second, the law, without known exception, permits religious organizations to require that their leaders and members affirm the organization's religious beliefs. Whenever a legislative body outlaws religious discrimination in employment, for example, it always permits religious organizations to take religion into account when

selecting employees. The landmark federal Civil Rights Act of 1964, which, among other things, has served to diminish the effects of racism in our nation, expressly permits religious organizations to take religion into account in hiring. See 42 U.S.C. 2000c-1(a). By exempting religious organizations from the religious non-discrimination requirement, Congress recognized that there is nothing wrong with a religious organization preserving its identity through its hiring practices. Congress appreciated the substantial difference between, for example, an anti-Semitic company that refuses to hire Jews and a Methodist congregation that desires its pastor be Methodist.

Third, we believe that governing law forbids the university from denying CLS recognition because its officers must sign its statement of faith or because its members must share its purposes and mission. A background legal memorandum produced by the Christian Legal Society's Center for Law and Religious Freedom is attached to this letter and the accompanying application materials.

#### B. Moral Conduct, Chapter Leadership, and Sexual Orientation Non-Discrimination Provision.

In addition to a set of common beliefs, virtually all religions embrace certain principles regarding conduct. In other words, each faith has a moral code, and Christianity is no exception. In our faith tradition, things like murder, adultery, premarital sex, stealing, and homosexual conduct are seen as wrong. In the context of our CLS chapter, the degree of an individual's compliance with that moral code (and his or her attitude towards that code) may affect that individual's "standing" within the group. For example, an individual's participation in conduct our faith deems immoral might disqualify an individual, as either a formal or practical matter, from holding office in our chapter. At the outset, it is important to understand that an individual's inclination towards sexual conduct the Bible deems sinful -- whether it be adultery, pre-marital intercourse, or homosexual behavior -- does not necessarily by itself disqualify an individual from active participation in the life of the CLS chapter. We believe that, as a result of the Fall, all people harbor sinful inclinations. We also believe that God's gift of salvation does not immediately eliminate sinful inclinations and actions from the life of a believer. In other words, we believe that all people are sinners, including ourselves. But we do believe that there is a meaningful difference between a person who sincerely struggles with sinful sexual inclinations and a person who unrepentantly and unremorsefully engages in conduct the Bible says is wrong. An unrepentant adulterer who openly rejects the Bible's teaching on sexual morality, in our view, is different from a person who succumbs to temptation, acknowledges the wrongness of his behavior, seeks forgiveness from his spouse, and desires to do right in the future.

Although we do not attempt to write a moral code into our chapter constitution, we can imagine circumstances where a person's participation in immoral behavior might affect their standing in the chapter. For example, chapter leadership may decide that a member who lives with his or her girlfriend should not speak for the group at a chapter-sponsored presentation on Biblical sexual morality. Similarly, we can imagine that an

individual might not be considered for an officer position if that individual is unrepentantly and unremorsefully engaging in homosexual behavior.

It is conceivable that the Office of Student Life, the Student Activities Board, or the appropriate legislative body of the UTSC might conclude that our reservation of the right to take moral conduct into account in the life of our group transgresses the ban on "sexual orientation" discrimination (or even the ban on "gender identity" discrimination, depending upon how that phrase is applied). Again, we wanted to anticipate and address any concern that may arise in this regard. We urge university decisionmakers to interpret and apply the non-discrimination policy in a way that permits our group to follow our sincerely held religious beliefs.

First, as should be clear from the above discussion, a person's sexual orientation -- defined as their sexual inclination or desires -- does not necessarily by itself disqualify someone from participating in the life of our chapter. Instead, it is a person's attitude towards those inclinations, their willingness to submit to Biblical authority, and the degree of their success in trying to live a life pleasing to God that really matters. Accordingly, we believe that university decisionmakers could (and should) interpret the sexual orientation non-discrimination provision in a manner that does not cause a potential conflict with our chapter's intentions in this regard.

Second, as with religious discrimination, laws banning sexual orientation discrimination routinely exempt religious organizations from their requirements. The list of state law provisions attached to the legal memorandum accompanying this letter contains numerous instances of such exemptions.

Third, we believe that governing law forbids the university from denying CLS recognition because moral behavior might be taken into account in the life of the group. The background legal memorandum produced by the Christian Legal Society's Center for Law and Religious Freedom and accompanying this letter also addresses this issue.

#### C. Conclusion.

Thank you in advance for considering our application for recognition. We believe that the CLS chapter will provide an important service to the university's law students and will contribute to the overall diversity of campus life. Please do not hesitate to contact me with any questions you might have about our application. I look forward to hearing from you soon.

Sincerely,

Aaron Dixon

Dear Craig:

RE: CHRISTIAN LEGAL SOCIETY

This letter is in response to your January 30 letter regarding your clients, the student members of the Christian Legal Society (CLS). During the fall semester of 2003, CLS student leaders declined to include the University of Iowa Human Rights Policy in their proposed group constitution. Because the proposed constitution did not include the Human Rights Policy, the CLS application for recognition was rejected by the University of Iowa Student Government (UISG).

You object to the actions of UISG and asked that the First Amendment rights of the CLS students be protected. I have reviewed the First Amendment case law and the two law review articles cited in your letter. I have discussed the legal issues you raised in your January 30 letter with Vice President Phillip Jones.

Your letter states, in essence, that the CLS has a constitutional right to refuse to include in its constitution the Human Rights Policy in its entirety. As you know, the Human Rights Policy explicitly prohibits the University from engaging in race and sex discrimination as well as other forms of discrimination prohibited by the Policy. Under the Human Rights Policy, University officials may not treat persons differently based upon any classification "that deprives a person of consideration as an individual." Creed and sexual orientation are specifically listed as examples of categories that deprive a person from consideration as an individual. Religion and religious affiliation are not specifically identified in the Policy, although in some instances discrimination on the basis of religion would violate the Policy, such as a practice of not permitting Christians to join a student political group.

With respect to student organizations, the University applies the Human Rights Policy to prohibit certain forms of discrimination when organizational leaders decide to accept or exclude students interested in becoming members of the group. Federal law generally requires that the University of Iowa (and all post-secondary institutions which receive federal funds) prohibit recognized student organizations from discriminating on the basis of race and sex in the selection of new members. By requiring that groups observe the Human Rights Policy, University officials responsible for reviewing applications for group recognition ensure that Title VI and Title IX are observed. The Human Rights Policy was enacted in 1963, and ever since then it has been the University's practice to apply the Policy to student organization membership selection decisions.

Contrary to your letter, the Human Rights policy does not prohibit student groups from establishing membership criteria. A student religious group is entitled to require a statement of faith as a pre-condition for joining the group. *Asking prospective members to sign the CLS statement of faith would not violate the UI Human Rights Policy.* While student groups have a right to establish membership rules and require prospective members to adhere to group rules, that right does not extend to permit CLS or any other student group to reject prospective student members solely on the basis of race, gender, or sexual orientation.

You specifically cited sexual orientation as one category of discrimination prohibited by the Human Rights Policy that your clients find objectionable. Your letter did not, however, cite any judicial ruling on point that would nullify a viewpoint-neutral application of the Human Rights Policy to student religious groups with respect to membership discrimination on the basis of sexual orientation. The Supreme Court cases on student organizations mentioned in your letter address other issues beside membership rules, namely equal access to funding and meeting space, for instance. The case law you cited supports, in fact, the Vice President's position that viewpoint neutrality must be the guiding principle in the application of the Human Rights Policy. A decision to treat religious groups differently would invite a constitutional challenge by non-religious groups, who have the same right as religious groups to equal treatment.

Implicit in the Human Rights Policy is the distinction between class characteristics such as race and gender, on the one hand, and on the other hand the personal conduct of those who seek to join student organizations. The CLS would not be required, and will not be required, to condone the behavior of student members -- after they join your group -- that is contrary to the purpose of your organization and its statement of faith. Individuals who fail to observe the CLS statement of faith may be dismissed as members. Your group may not, however, refuse to accept as a member a homosexual law student who professes to be a Christian and is prepared to sign your organization's statement of faith and observe the CLS group rules for member behavior.

With regard to the distinction between class characteristics and personal conduct, it is apparent that we may be in agreement. You acknowledge in your letter that your group is not opposed to accepting into its membership law students who have homosexual inclinations or who have engaged in homosexual behavior. I respect the fact that the CLS welcomes all students, including homosexuals, to attend CLS meetings. This practice is entirely consistent with the spirit of the Human Rights Policy.

To my knowledge, religious students groups have operated for many years on the UI campus using statements of faith as a basis for membership. No threat has ever been directed to a student religious group by the student government, by the Dean of Students, or by the Office of Student Life regarding the use of statements of faith as a basis for membership. Moreover, no complaint from the community has ever been filed with the UI Committee on Human Rights against a religious student organization alleging a violation of the Human Rights Policy.

Your January 30 letter specifically asks that the Human Rights Policy be amended to exempt student religious groups "from the religion, creed, sexual orientation, and gender identity language of the University's required Membership Clause." Since the Human Rights Policy protects groups such as your CLS student clients from discrimination on the basis of creed, it is not necessary to formally exempt religious groups from the Human Rights Policy in order to ensure that the rights of CLS members are protected. Once recognized, the University is obliged to protect the right of CLS members to espouse the group's basic tenets.

The Supreme Court long ago in *Healy v. James* concluded that it is not inconsistent with the Constitution for tax-supported universities to deny or withdraw recognition to groups that refuse to follow reasonable rules. Observing the Human Rights Policy during new member selection is a reasonable requirement for group recognition. If the students you represent choose to re-submit a revised group constitution with an unmodified Human Rights Policy statement included, the CLS would then become eligible to use University resources, as would any other recognized student organization, once the CLS has been recognized by UISG.

In conclusion, it is apparent that the UISG did not violate the University Policy on Human Rights or the First Amendment of the U.S. Constitution. The UISG decided not to grant recognition to the Christian Legal Society because the UI Human Rights Policy was entirely left out of the proposed CLS constitution. UISG is prepared to grant recognition once the Human Rights Policy is included in the proposed CLS constitution. Every University of Iowa student organization is required to include in its group constitution the Human Rights Policy in its entirety in order to be eligible for University recognition, and your clients were treated the same as every other religious group has been treated.

I understand that you may feel compelled to pursue formal legal avenues in response to this letter. Please be informed that the standard appeal process for recognition disputes has not been exhausted. As stated in sub-section III.A.9 of "Recognition of Student Organizations," a group may appeal an adverse decision of the governing body to the president of the University or designated representative (refer to page 18 of "Policies and Regulations affecting Students, 2003-2004," a copy of which is enclosed). To my knowledge, no appeal has been filed with President Skorton. If the group of students you represent elects to exercise its appeal opportunity, please copy me on your letter to President Skorton.

Thomas R. Baker, J.D., M.A.

Dear Mr. Aden:

RE: CHRISTIAN LEGAL SOCIETY

I am in receipt of your April 15 letter regarding your clients, the University of Iowa law students who submitted in 2003 a proposal to the University of Iowa Student Government for recognition of the Christian Legal Society (CLS). My position with regard to the Human Rights Policy's scope was explained to Mr. Nieman, the local attorney for CLS, in a February 20 letter from Mr. Baker, the Associate Dean of Students. Because your April 15 letter included a revised CLS constitution, I re-evaluated the substance of the constitution in order to determine if it was consistent with University student organization recognition policy.

The revised CLS constitution includes the University of Iowa Human Rights Policy in its entirety. As I understand your proposal, the CLS student organization ~~will not~~ *who would like to join* ~~categorically refuse to accept into the group's membership students who have engaged in~~ conduct inconsistent with the CLS statement of faith. As long as prospective members are treated as individuals and not categorically barred from applying for membership, organizational leaders may require ~~prospective members to accept the CLS statement of faith as a pre-requisite to membership~~ *condition for participation*.

Because your proposal satisfies the expectations set forth in Mr. Baker's February 20 letter, the revised constitution meets the Human Rights requirement for recognition. The remaining portions of the proposed document are now ready to be evaluated by the University of Iowa Student Government recognition board.

To facilitate the recognition review process, ~~ask~~ *recommend that* your clients ~~to~~ re-submit the revised CLS constitution to the University of Iowa Student Government (UISG), along with a copy of this letter. Contact person is Kristi Finger, Assistant Director of the Office of Student Life.

# MEMORANDUM

TO: Nick Klenske, Graduate & Professional Student Senate

FROM: Phillip E. Jones, Vice President for Student Services & Dean of Students 

RE: Revised Constitution for Christian Legal Society

I have asked the Graduate & Professional Student Senate to consider this evening the second request for recognition from Christian Legal Society (CLS). The law students' first request in the fall semester of 2003 was rejected because the original CLS constitution did not include the University of Iowa Policy on Human Rights. In the revised CLS constitution, which I received on April 15, the Human Rights Policy is included. For the reasons stated in my letter of April 30 (see enclosure), I deemed acceptable the revised CLS constitution with respect to its membership policy.

In evaluating proposals for group recognition, viewpoint neutrality is of paramount importance. I approved the revised CLS constitution because the group members have a right to access University resources on an equal basis with other groups. It is my obligation under the law and under University policy to realize the group members' freedom to promote their beliefs through association. Like other religious groups, any student has the right to join the CLS but the CLS is entitled to ask its members to adhere to the group's statement of faith. With respect to concerns about the Establishment Clause, the Supreme Court determined some time ago that a tax-supported university does not violate the U.S. Constitution by granting religious groups access to resources made available to other groups.

I prefer that the CLS proposal be finalized by UISG without administrative review, although I am prepared to recognize the group if the CLS students' legal rights are not fully acknowledged by UISG. Respect for the First Amendment rights of students is a critical component of the UI Human Rights Policy. In exercising the power to reject or accept a group's membership, UISG members are bound by law to observe the same constitutional standards that apply to the University administration (as stated in Article I.B.1 of the UISG Constitution). I trust that you will consider the CLS request for group recognition with these factors in mind.

# MEMORANDUM

TO: Patrick Cebzynski, SABAC Financial Officer  
Michael Currie, SABAC Chair

FROM: Tom Rocklin, Vice President for Student Services & Dean of Students 

RE: Funding Request from Christian Legal Society

It has been brought to my attention that the Christian Legal Society (CLS), a student organization recognized by the University of Iowa in 2004, recently applied to SABAC for funding to cover expenses related to a trip to the CLS National Conference in Washington, D.C. CLS representatives from the University of Iowa apparently attended the conference during the week of October 13. It is my understanding that CLS representatives first applied for funding in September and then submitted for reconsideration at SABAC's October 21 meeting.

This organization has been recognized as a University of Iowa student organization after full review of its application, including its constitution. The University's decision to recognize CLS is consistent with applicable law. As a recognized student organization, CLS's application for funds to cover conference expenses should be processed on its merits without any consideration of the organization's viewpoint, including the Statement of Faith in the CLS constitution. As with any student organization, University of Iowa policy -- and applicable law, including the United States Constitution as interpreted by courts of authority -- requires that funding requests from student organizations are processed in a content-neutral manner. Once SABAC has made a preliminary determination with respect to the CLS funding request, please inform my office immediately and before communicating the determination to CLS.

Because SABAC has the authority to distribute University funds to student organizations, individuals who serve on SABAC are considered agents of the University and the State of Iowa. As agents of the state, you may be subject to personal liability in the event that an organization's rights under the U.S. Constitution are deemed to be violated. To the extent that your actions as SABAC members comport with University policy and do not exceed or abuse your authority as SABAC members, the University will provide a defense to you in the event of a lawsuit accusing you of violating a student group's right to equal funding access.

RE: Funding Request from the Christian Legal Society

In order to ensure equitable treatment of student organization funding requests, I reviewed the information you provided to the Office of the Vice President for Student Services regarding SABAC's pattern and practice of handling national conference expenses. As you know, the Christian Legal Society (CLS) submitted a funding request to SABAC in September for four of its members to attend a national conference in Washington, D.C. during the week of October 13. When SABAC did not act immediately to grant the request, CLS leaders decided to send only one representative to the Washington conference. The non-meal expenses incurred by the single CLS representative totaled \$550.

In resolving this matter, it is important to consider what CLS would have received had SABAC acted timely on CLS's September request. Based on my review of the materials you provided, the CLS request should be granted in full for all non-meal expenses (i.e., \$550). Please proceed to allocate funds to cover the \$550 in expenses in a timely manner, and notify me when the funds have been disbursed.

When any recognized student organization requests funds in advance for a conference, this office expects that SABAC will process its request in a timely manner without consideration of membership rules as stated in the organization's constitution. All such requests should be handled in a content-neutral manner. If you have questions, please contact Mr. Baker, the Associate Dean of Students, at 335-3557.

## MEMORANDUM

TO: Members of GPAC (Graduate & Professional Allocations Committee)  
Members of SABAC (Student Assembly Budgeting & Allocating Committee)

FROM: Tom Rocklin, Vice President for Student Services & Dean of Students **TRR**

RE: Allocating Student Government Fees to Religious Student Organizations

As many of you know, there has been considerable litigation around the country over the last 15 years with respect to the First Amendment rights due student organizations at tax-supported universities. Many lawsuits have been filed on behalf of religious student organizations, and it is important that our policies and our practices not discriminate illegally against groups that promote a religious creed. Student government leaders who inadvertently infringe on the constitutional rights of religious student organizations are subject to personal liability in court in some circumstances. Working in consultation with the Office of the General Counsel is critical, therefore, to the ensuring fairness in the budget allocation process and avoiding a court challenge to the authority of the student governments.

The GPAC Bylaws amended 5/14/09 address the status of religious student organizations that apply for GPAC funds. I forwarded a copy of the 5/14/09 GPAC Bylaws to the Office of the General Counsel for their review, and they have advised me that several of the provisions could lead to inequitable funding allocations. To ensure that GPAC allocation decisions do not inadvertently violate the First Amendment, I must ask that you remove as soon as possible two provisions of the GPAC Bylaws, rules (V)(C)(3) and (V)(D)(8). Although funding requests submitted by a religious student organization would not be reviewed by GPAC until September, it is important all rules make clear that religious student organizations have the same opportunity to apply for funds allocated to student organization use. Religious student organizations are eligible to apply for GPAC funding, and removing GPAC rules (V)(C)(3) and (V)(D)(8) will ensure that is the case. Until the revised version is forwarded to me, both rules shall be considered suspended.

BLIN-C-Def 001475

GPAC rule (V)(C)(4) is also problematic. As you know, student organizations are expected to observe the UI Human Rights Policy with regard to membership rules. The UI Human Rights Policy arguably protects the interests of student members of a religious group as well as the non-members interested in membership in the religious group. Because University rules must conform to First Amendment legal precedents, the Human Rights Policy must be interpreted and applied in a manner consistent with constitutional parameters determined by the courts. A decision by student government officers to deny funds to a religious student organization based upon a perceived Human Rights Policy violation would be subject to challenge in court.

GPAC is advised not to deny funding requests unilaterally on the ground that granting such a request would violate the UI Human Rights Policy. To ensure that no constitutional violations occur, I must ask that all decisions regarding the application of the UI Human Rights Policy to funding requests from student organizations be made in consultation with the Office of the Vice President for Student Services. (V)(C)(4) must be stricken from the 5/14/09 GPA Bylaws and the introductory language to (V)(C) must be revised to remove the reference to the Human Rights Policy. Please forward to me as soon as possible the revised version of the Bylaws.

The General Counsel's office recommends that Student Services staff members orient GPAC and SABAC each year regarding the interplay between the Constitution and The University of Iowa Policy on Human Rights. Because student government leaders are state actors for purposes of First Amendment law, student government leaders must protect student organization members' constitutional rights at all times. The confluence of religion and student government funding raises a number of issues with legal implications, not the least of which involve an organization's right to free association, free speech, and equal protection of the law. Defining the line between free exercise of religion and the prohibition against state-established religion is one issue that must be left to the courts.

For the 2009-10 academic year, an orientation program will be presented by Tom Baker, the Associate Dean of Students, in conjunction with Dr. Grady and Dr. Nelson. Your allocation committees will be notified of the orientation program date well in advance because members are required to attend. So long as actions taken by GPAC and SABAC fall within the scope of its authority and comport with the advice of the Office of the General Counsel, University personnel (including student government leaders) who are named defendants in a lawsuit will be provided a defense in court as a general rule.

Ensuring fairness to all parties during a time of transition in student government organization will be a challenge. Because one inadvertent mistake could precipitate a court injunction against the University and against the student governments, I am asking that any proposed rules specifically addressing religious student organizations be reviewed and approved by the Office of the Vice President for Student Services before they go into effect. If you like, I will be happy to meet with you and discuss these issues.

Re: Christian Legal Society

Dear Mr. Mattox:

This letter responds to the concerns you raised in your June 3, 2009, letter, regarding the amendment of the By Laws of the Graduate and Professional Allocations Committee (GPAC) of the University of Iowa. You noted two provisions in particular, By Laws V(C)(3) and V(D)(8); and you requested that the University bring these By Laws into compliance with its constitutional obligations. Thank you for bringing these concerns to our attention.

We have reviewed the relevant provisions of GPAC's amendments to its By Laws and concluded that By Laws V(C)(3) and V(D)(8) should be removed. The Vice President for Student Services has taken action to remove these provisions. Funding requests submitted by religious student organizations are scheduled to be reviewed by GPAC in September. At that time, all religious student organizations will be permitted to apply for GPAC funds, and GPAC funds will be allocated in compliance with constitutional standards.

You requested institutional changes to avoid this situation in the future. We decline to provide an exemption from religious discrimination rules for religious student groups, as you have proposed. We have implemented training on these issues, however, for members of GPAC and the Student Assembly Budgeting & Allocating Committee (SABAC).

Again, we appreciate your bringing these issues to our attention. Please feel free to call or write regarding any remaining concerns you might have.

Sincerely,

A handwritten signature in dark ink, appearing to read "Maria Lukas".

RE: Amendments to Bylaws Affecting Religious Student Organizations

I am pleased to report that the new amendments to the GPAC Bylaws, which were submitted to me on June 29, are an acceptable means for ensuring fairness in the budget allocation process. The Office of the General Counsel is satisfied that the language in the GPAC Bylaws does not discriminate on its face against religious student organizations.

I appreciate very much your spirit of cooperation in handling this delicate administrative matter. You will soon be notified of the date and time of the program on constitutional principles that Mr. Baker will present in conjunction with Dr. Grady and Dr. Nelson. Because one inadvertent mistake by a GPAC or SABAC member could precipitate a court injunction against the University and against the student governments, all GPAC and SABAC members (including any alternate members) will be required to attend the program.

Please contact me or Mr. Baker if you have a question about issues involving religious student organizations. During the 2009-10 academic year, any proposed rules that specifically address religious student organizations should be reviewed and approved by the Office of the Vice President for Student Services before they go into effect.

Therefore we will comply with all University policies that are not contradictory to the Word of God as we understand it. Since the University requires all approved student organizations to include the following two statements verbatim in their "constitutions," we include them in our bylaws.

#### A. Equal opportunity

Since all people are created in the image of God and are precious to Him, we gladly reach out to all in our witness, community, and discipleship activities. Therefore we endorse the following statement of non-discrimination. We understand that this article does not preclude additional religious and moral qualifications for certain leadership positions:

In no aspect of its programs shall there be any difference in the treatment of persons on the basis of race, national origin, color, creed, religion, sex, age, disability, veteran status, sexual orientation, gender identity, or associational preference, or any other classification which would deprive the person of consideration as an individual. If the group has dissolved and group fees have not been divided as stated in Constitution by five years from last account activity, monies in the group's 00 account will revert to an account specified for this purpose within UISG/ECGPS. These funds will then be available for distribution through SABAC or GPAC guidelines in compliance with University of Iowa policy.

Thereafter, any remaining assets shall revert to Classis Central Plains of the CRCNA or its successor, which entity may then reallocate all, some, or none of such assets or retain the same as shall then seem fair and just to said governing body.

Much of the funding for this organization was granted to it by Classis Central Plains from Classis funds and the proceeds of the dissolution of Trinity CRC of Iowa City, Iowa, and this Bylaw is adopted in order to enable Classis Central Plains to redirect such remaining capital as it may then deem best according to its own discretion or controlling policies.

## **The Constitution of AIA at The University of Iowa**

The name of this student group is Athletes in Action (AIA).

This student group is a student chapter (hereafter Chapter) recognized by AIA, a ministry of Cru, a California nonprofit corporation. AIA's principal offices are in Xenia, Ohio.

This student group has applied for and been granted Chartered status as a Chapter of AIA. As long as the student group fulfills the mission set for in the Charter, and otherwise remains in compliance with its obligations under the Charter, the student group has the right to use the name and materials of AIA that are designated for the use of its Chapters. The student group has agreed that it will carry out the mission and present the messages of AIA.

### **ARTICLE I — PURPOSE**

The purpose of the Chapter, as articulated in the Charter, is to build movements of students and athletes who are transformed by Jesus Christ. The student-led movement seeks to introduce student athletes to Christ, help them to grow in faith, encourage them to passionately live life in a manner consistent with belief in the God of the Bible, and inspire commitment to advancing the purposes of God in the world.

### **ARTICLE II — MEMBERSHIP**

#### **Section 1.**

Membership shall be open to all duly enrolled University of Iowa students.

In no aspect of its programs shall there be any difference in the treatment of persons on the basis of race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, associational preferences, or any other classification which would deprive the person of consideration as an individual. The organization will guarantee that equal opportunity and equal access to membership, programming, facilities, and benefits shall be open to all persons. Eighty percent (80%) of this organization's membership must be composed of UI students. Membership and activities are open to all currently enrolled students.

events of the Chapter in order to fulfill the purposes and to communicate the message of the Chapter.

**Additional Leaders:** The current officers, in consultation with AIA staff, shall select additional leaders that are able to serve the Chapter as needed for a one year term.

## Section 2: Qualifications

Officers serve as representatives of the Chapter and organization of AIA. They must commit to lead the Chapter in a way which is consistent with the mission and faithful to the messages of AIA. Leaders should follow Jesus' example of leadership, teaching by word and by example. This will involve:

- A. Presenting the Gospel of Jesus Christ in a manner designed to lead other students to examine, consider and accept the Christian faith as their own (Matt. 28:18-20; Acts 1:8; Luke 24:44-47; 1 Cor. 15:1-6).
- B. Teaching the Bible and using AIA materials in a manner that helps believers to grow in their Christian faith (Col. 1:28). This involves leading small group Bible studies, helping to facilitate Christ-centered weekly meetings, and training members how they can communicate the messages that are central to the Chapter's identity and mission.
- C. Demonstrating by example how to live in a manner that is consistent with the Biblical teachings AIA communicates, as described in the following passages: Galatians 5:13-26; Ephesians 4:17-5:21; Colossians 3:1-17; 1 Peter 1:13-2:12; 4:1-11; 5:1-7; and 1 Corinthians 6:9-20.
- D. Guiding the AIA Chapter to serve the University community seeking to care for those in need (Jer. 29:4-7; 1 Pet. 1:1; 2:11-12; 3:13; Gal 6:10).

In order to communicate the Chapter's message clearly and with integrity, leaders must not only speak the Chapter's messages, but also live in a manner consistent with those messages. This requirement recognizes that communication is a multifaceted reality, requiring alignment between the words and the behavior of the communicator. Failure to live consistently with the messages communicated results in hypocrisy.

Additional leadership requirements are as follows:

- A. **Attendance requirement:** Leaders must have been involved for at least one semester, having attended 75% of weekly large group and/or small group meetings (unless they were not in residence due to participation in an off campus study abroad program, an internship, or were involved in an AIA Chapter on a different campus).

The accused member may then request a hearing before the full leadership team. An Officer will then call a special leadership meeting; they will hear from the accused member as well as other witnesses, confer, and make a decision regarding the accused member's membership rights.

## ARTICLE V – OFFICERS

### Section 1.

The officers of this organization, forming part of the leadership team (described in Art. VI), will serve as liaisons with the University. All officers must exemplify the application of Scriptural life principles, in accordance with the national standards of Cru. The offices of this organization shall be the following:

- A. Primary Principal Rep
- B. Secondary Principal Rep
- C. Spokesperson

### Section 2.

Officers are selected from the general membership and must be enrolled students at The University of Iowa. Officers serve as representatives of the Chapter and organization of Cru, and, as members of the leadership team, must subscribe to the Statement of Belief.

They must agree that an important part of such belief is taking action and making decisions that are consistent with and based upon those beliefs. They must acknowledge that being a leader requires one to set an example for others on how to live a holy and Biblically-based life. They must also be committed to advancing the purpose and mission of Cru.

### Section 3.

Term of office: An officer shall serve for one year from the start of his term or until his/her successor is appointed.

### Section 4.

Officers may be removed from their positions based upon general consensus of the core leadership. Any member of the group may make a complaint against an officer. The leadership team will meet, confer with the Cru staff members for advice and counsel, hear from the accused officer (sometimes in a private one-on-one setting), and make a decision.

Misrepresentation of initial agreement with or a change in an individual's ability to subscribe to the Statement of Belief and the Purpose Statement of this organization shall be grounds for immediate removal of the officer by the leadership team.

## ARTICLE VI—LEADERSHIP

### Section 1.

The leadership of the Chapter is made up of individuals selected, as set forth below, from the Membership.

### Section 2.

All leadership team members and small group leaders must subscribe to the Statement of Belief. They must acknowledge that being a leader requires one to set an example for others on how to live a holy and Biblically-based life.

They must also be committed to advancing the purpose and mission of Cru.

### Section 3.

The leadership of the Chapter will consist of a leadership team, the size of which may vary from year to year based upon the size, needs and desires of the group. The leadership team may consist of both a small group of core student leaders and additional groups of leaders that provide direction for different aspects of the Chapter's purpose.

In addition, small group leaders will head discussion groups or Bible studies in a variety of locations and for various affinity groups on campus.

Organizational details of the leadership team are subject to change without amendment to this constitution. *The University of Iowa* students must constitute at least 2/3 of the leadership team.

### Section 4.

The current leadership team selects new leadership each year, usually occurring in the Spring. Individual leaders may also be added to the leadership team throughout the year. All prospective leaders must subscribe to the Statement of Belief and Purpose Statement as stated in Articles II and III.

The staff members of Cru serve an advisory role in the selection process, working with the current leadership team to consider and evaluate recommendations for new leaders. The leadership team will then select individuals, inviting them to take the new leadership roles. The leadership team will be responsible to see that all prospective leaders subscribe to the Statement of Belief and Purpose Statement as stated in Articles II and III.

### Section 5.

Leaders may be removed from their positions based upon general consensus of the core leadership. Any member of the group may make a complaint against any leader, including a member of the leadership team. The leadership team will meet, confer with the Cru staff members for advice and counsel, hear from the accused leader (sometimes in a private one-on-one setting), and make a decision.

The Chapter may raise revenues through contributions, fundraising activities or by applying for school funds available to student groups. Dues shall not be charged to members for participation. A member or several members of the leadership team will be responsible to carefully administer any school funds granted to the Chapter.

##### Section 2.

The name of this organization shall be "The Salt Company." This organization is affiliated with Veritas Church of Iowa City, a local church. The members of The Salt Company (hereafter referred to as TSC) are members of or are in the process of becoming members of Veritas Church of Iowa City.

Revised January 24, 2017

### Article I Purpose

- a) As a part of Veritas Church, TSC exists to grow as a community of Christ followers (Acts 2:42-27) committed to reaching the lost of all nations with the message of salvation through Jesus Christ (Matthew 28:19-20, Acts 1:8) and equipping believers for vital ministry (Ephesians 4:11-13, 1 Peter 4:10-11). Weekly worship meetings, small groups, retreats, and various social events constitute our activities.
- b) The Salt Company abides by and supports established University of Iowa policies, State and Federal Laws insofar as they do not conflict with, violate, or undermine its rights under the U.S. Constitution and Bill of Rights, and/or the Word of God set forth in The Holy Bible which defines who we are and what we know to be true.

### Article II Membership

- a) In no aspect of its programs shall there be any difference in the treatment of persons on the basis of race, national origin, color, creed, religion, sex, age, disability, veteran status, sexual orientation, gender identity, or associational preference, or any other classification which would deprive the person of consideration as an individual. The organization will guarantee that equal opportunity and equal access to membership, programming, facilities, and benefits shall be open to all persons.
  - b) All persons may attend the worship meetings, small groups, retreats, and various social events of TSC. We welcome all people to come and hear the gospel of our Lord Jesus Christ and to fellowship with us. However, attendees have no power to determine policy for TSC, nor can they formally represent or act on behalf of TSC. Furthermore, we reserve the right to conduct all meetings, small groups, retreats, and events in a manner that is in accordance with our Constitution, and moral convictions based on Scripture.
  - c) All Members of TSC are considered Leaders of the organization; therefore, Members shall hereafter be referred to as Leaders, and Membership shall be referred to as Leadership. Leadership shall be open to attendees so long as they meet the leadership qualifications outlined below. As a Leader, one is required to:
    - Submit a Leadership Application and be approved as a Leader through an interview process held with the TSC Staff.

The Staff will review each application and in most cases conduct a formal leadership interview. All Leaders must be Christians who have professed their faith in the Lord Jesus Christ and who strive to live according to the tenets of the Bible.

In the absence of repentance following the process of a loving, biblical confrontation, the leadership of that individual shall be revoked. The revocation shall

be determined by the TSC Staff, Veritas Church of Iowa City Staff, and/or the Elder Team of Cornerstone Church of Iowa City.

If, at any time, any Leader or Officer should wish to withdraw his or her leadership for any reason, he or she may do so by communicating this desire either verbally or in writing to the Staff of TSC.

In the upper right hand corner is a chalice and a host. This is used to symbolize members of Tau Omega growing in their faith and shows the need for us to accept Christ into our lives. The lower left quadrant is a dove carrying an olive branch. The dove is used to represent peace as well as the Holy Spirit. Tau Omega's goal is to serve the community as well as spread peace in the community, and do so through not only the help of Jesus, but with the help of Holy Spirit. In the bottom right quadrant are open hands. These hands are used to represent service within the community. Above all the quadrants is a lamb. This lamb used to represent the Lamb of God. Above everything that we do in Tau Omega is God. Nothing that we do in Tau Omega can be done without the help of God, for that reason the lamb is put on the top. Below the Crest is the Greck letters Tau and Omega to represent our fraternity. Between those two letters is our External Motto, "Anima Christi" or "The soul of Christ." Colors within the crest are the same as our official colors.

## Section VII: Motto

The Internal Motto of Tau Omega shall be *Evangelium praedicare, et quando oportebat, verbis utuntur*. In English, this means, "Preach the Gospel, and, when necessary, use words." Credit for this quote is given to Saint Francis of Assisi, but is primarily a common phrase used by Christians. Our Motto provides Tau Omega a general vision and mission to be lived out by each of its members. The External motto is *Anima Christi*, or "The soul of Christ." Attendance at Chapter meetings alone does not confer Chapter membership. Only students of the School can vote or hold office. There will be no maximum number of members. Each member must attend at least one meeting per semester or submit in writing to the Chapter Officers an explanation of why they are not able to attend at least one meeting. Attendance will be kept for meetings. ~~Chapter officers will confer Chapter membership on those who request it if the officers are satisfied that the prospective member satisfies the membership requirements.~~ The officers will respond in writing to the membership request and keep a written record of all current members.

**3.2. Eligibility to vote.** Only Chapter members are eligible to vote on any Chapter business. All officers are considered voting members.

**3.3. Termination.** Any Chapter member who for any reason ceases to be a student at the School shall immediately cease to be a member of the Chapter. ~~If any member ceases to meet the membership requirements as specified in paragraph 3.1 their membership may be terminated by a vote of 2/3 of the chapter's membership or a unanimous vote of the chapter officers/~~

**3.4. Appeals.** A Chapter member terminated as a result of action taken pursuant to paragraph 3.3 above may appeal such termination by requesting a hearing before the Chapter officers and Chapter Director, whose decision shall be final. #### **IV. Officers**

**4.1. Eligibility Requirements.** The Chapter must consist of at least three (3) officers who are enrolled as students at the School ~~and have served as active voting members of this Chapter for one year prior to serving as an officer~~ (except for the first year of the Chapter's existence). Chapter officers must be in good academic standing, meet any requirements imposed by the School for number of credit hours and grade point average (if required), ~~and~~ profess a personal relationship with Jesus Christ and abstain from any conduct that would impair their ability to /

bear witness of their faith and serve the purposes of the organization. The Ratio Christi Chapter Director shall review any candidates for office and determine their eligibility in cooperation with the outgoing officers. His or her determinations as to the candidates' eligibility under this constitution shall be final. A Chapter officer who for any reason ceases to be a student at the School shall immediately cease to be an officer of the Chapter.

4.2. *Officer duties.* ~~The primary responsibility of all Chapter officers is to live in a manner that is consistent with Christian beliefs and conduct standards, so as not to undermine the effectiveness of the Chapter's Christian witness on campus.~~ Officers are also responsible to ensure that the viewpoints the Chapter advocates on campus through its events and activities are consistent with Christian teaching and a Biblical worldview. Chapter officers are responsible for approving membership requests as stated in Article 3.1. The following offices and specific duties are stated for the use of those holding office. Since a Chapter may consist of as few as three (3) people, it is understood that the offices of Secretary and Treasurer may be combined.

President. The President shall preside over Chapter business meetings and meetings of the Officers. The President shall operate as the Chapter's representative to the School community and the public-at-large in all matters for which a formal representative is required or appropriate. Initiates projects, sets events and opportunities into course, and informs members of these. Presides over Chapter business meetings and meetings of the Officers.

Vice President. The Vice President shall assist the President in the discharge of his or her duties, as the President may direct, and shall perform such other duties as from time to time may be assigned to him or her by the President. In the absence of the President, or in the event of the President's inability or refusal to act, the Vice President shall perform the duties of the President, and when so acting, shall have all the powers of, and be subject to all the restrictions upon, the President. The Vice President oversees recruitment for the club.

Secretary. The Secretary shall maintain all non-financial records of the Chapter and shall be responsible for preparing minutes of all meetings. Deals with all matters concerning times, dates, and scheduling for events. Takes roll via the member sign-in sheet at all meetings.

Treasurer. The Treasurer shall maintain all financial records of the Chapter, including, but not limited to, all records of the payment of funds, deposits, and disbursements from the Chapter's financial accounts pursuant to the procedures described in Article VII. Presents all financial activity to the Chapter officers, Chapter Director, and faculty/school advisor.

Other Officers. Any other Chapter officers appointed pursuant to this Article shall have such duties as are assigned to them by the President.

4.3. *Transition of authority.* To insure the continual well-being of the Chapter, outgoing officers shall facilitate the orderly transition of authority by taking adequate time in the winter and spring to train new officers. The Chapter shall implement a procedure to ensure the selection of at least three new officers by no later than April 30th of each year. The election timeline and nomination process must be announced to members at least two weeks prior to the elections meeting. The outgoing officers shall solicit nominations for new officers from the membership and, after consultation with the Director and evaluation of the candidates' eligibility, present to the membership a list of those members eligible for election for each office. The determination by the officers, in consultation with the Director, of an individual's eligibility to hold office shall be final.

4.4. *Election of Officers.* The Officers, in consultation with the Director as described in 4.3 shall present to the members a candidate or candidates for officer positions for the following year. A majority vote of the membership shall be required for the election of any officer. Should a vote fail to result in a majority for any position for which more than 2 candidates are presented, the Officers may, in their discretion, remove the candidate receiving the fewest votes from consideration. This process may be repeated until a candidate receives a majority. Should the membership fail to break a tie between any two candidates for an office after two separate votes, the outgoing chapter President shall break the tie. New Officers take office at the last meeting of the Spring semester and remain in office until the next election. The Officers remain in office over the summer.

4.5. *Forcible removal of an officer.* If an officer fails to maintain School requirements for holding office, he or she shall resign immediately. If it is believed that an officer is not fulfilling his or her constitutional duties, then a petition requesting his or her removal must be signed by at least half of the voting membership and half of the Officers and presented at a general meeting or special meeting called by the Officers. Then, upon verification of the validity of the petition, by the Chapter Director, and, at least two weeks but no more than four weeks from the date of submission, another meeting shall be held at which the petition will be presented, with both sides having the opportunity to present a case. The President will preside over the removal hearing unless the President is the subject of the hearing in which case the Chapter Director will preside. After all arguments have been heard a vote will be taken. The removal of a current officer requires a 75% majority vote of Chapter members.

4.6. *Vacancies.* If a vacancy of an Officer position exists, due to resignation or removal or other, the remaining Officers can decide whether to leave the position unfilled until the next regular election or to call for a special election. If it is determined to leave the President's office unfilled, then the Vice President shall perform the duties of the President, and when so acting, shall have all the powers of, and be subject to all the restrictions upon the President. If a special election is called the election timeline, nomination process, and voting procedures shall be the

same as enumerated in Article 4.3 and 4.4 above, except that it will not be limited to the Spring semester.

4.7. *Committees.* The Officers can call for a committee to be put together to discuss any necessary issues, determine a course of action, and implement that action regarding the issue. A committee will be composed of an officer and any number of other members. The committee members must present their recommendations to the Officers and Chapter Director who will determine the appropriate course of action.

## V. Chapter Director and School/Faculty Advisor

5.1. *Chapter Director:* Ratio Christi will appoint a Chapter Director to each chapter. ~~This person must have a strong background in classical apologetics and must meet all requirements of Ratio Christi for the position of Chapter Director.~~ If necessary, a faculty member or another person may be appointed by Ratio Christi as Interim Chapter Director. ~~The Chapter Director must profess a personal relationship with Jesus Christ and abstain from any conduct that would impair their ability to bear witness of their faith and serve the purposes of the organization.~~ The officers shall meet with the Chapter Director on a regular basis and shall keep him or her informed of chapter meetings, special events, financial matters, problems within the Chapter or the School, and other relevant matters. ~~It is possible that the school/faculty advisor and the Chapter Director may be the same person as long as that person meets all the provisions of this paragraph.~~ The Ratio Christi Chapter Director shall review candidates for student office and determine their eligibility in cooperation with the outgoing officers. The Chapter Director's determinations as to the candidate's eligibility under this constitution in order to affiliate with Ratio Christi shall be final. The Chapter Director shall be considered a Ratio Christi staff member.

5.2. *Chapter School/Faculty Advisor.* The Chapter must have a faculty/staff/school Advisor. The Chapter officers, with the assistance of the Chapter Director, will identify an Advisor meeting the requirements of the School for this position. ~~Optimally, the school/faculty advisor will meet the provisions in 5.1 concerning profession of faith and personal conduct.~~ If the Chapter is unable to find a school/faculty Advisor who meets both the provisions of Paragraph 5.1 and the School requirements, ~~the Chapter should select an advisor who supports the Christian apologetic aims and goals of the Chapter.~~ If such an advisor cannot be identified, the Chapter may identify a "chapter school/faculty Advisor" only for administrative purposes, in addition to the appointed Chapter Director for the Chapter. The Advisor and the Chapter Director may be the same person as long as that person meets all the provisions in Paragraph 5.1.

5.3. *Chapter Advisor Selection.* An Advisor will be chosen within three weeks of a vacancy. Nominations for Advisor will take place by the existing Officers and the Chapter Director. The officers, in consultation with the Chapter members and advisor, shall determine the frequency, time, place, and agenda of each meeting and shall insure that adequate notice is given of each meeting.

6.2. *Attendance.* All students and faculty are welcome to attend public Chapter meetings and events. The privilege of attendance does not depend on one's race, age, ability/disability, color, national origin, religion, race, sex, veteran status, or sexual orientation or behavior. Disruptive behavior, as determined by the Chapter Officers or the Chapter Director, may be cause for expulsion of student(s) and faculty and guests from Chapter meetings and events.

6.3. *Parliamentary Procedure.* *Roberts' Rules of Order, Newly Revised* will be used for meetings in instances not covered in this constitution.

6.4. *Voting Mechanism.* All votes will be taken by verbal, handraising, or secret ballot at the discretion of the Officers. During a secret ballot, the voting members will write their vote on a piece of paper and turn it in to the advisor/director and secretary, who will collect the ballots and announce the results per the guidelines listed below.

A Leadership Team of members will guide the chapter each year. This team will have a President, Vice President, Treasurer, and a Student Government Representative. ## **ARTICLE III. DOCTRINAL BASIS.**

We believe in:

The only true God, the almighty Creator of all things, existing eternally in three persons Father, Son, and Holy Spirit--full of love and glory.

The unique divine inspiration, entire trustworthiness and authority of the Bible.

The value and dignity of all people: created in God's image to live in love and holiness but alienated from God and each other because of our sin and guilt, and justly subject to God's wrath.

Jesus Christ, fully human and fully divine, who lived as a perfect example, who assumed the judgment due sinners by dying in our place, and who was bodily raised from the dead and ascended as Savior and Lord.

Justification by God's grace to all who repent and put their faith in Jesus Christ alone for salvation.

The indwelling presence and transforming power of the Holy Spirit, who gives to all believers a new life and a new calling to obedient service.

The unity of all believers in Jesus Christ, manifest in worshipping and witnessing churches making disciples throughout the world.

The victorious reign and future personal return of Jesus Christ, who will judge all people with justice and mercy, giving over the unrepentant to eternal condemnation but receiving the redeemed into eternal life.

To God be glory forever.

2. WE BELIEVE...There is only One True God—revealed in three persons...Father, Son, and Holy Spirit (commonly known as the Trinity).
3. WE BELIEVE...In the Deity of the Lord Jesus Christ. As God's son Jesus was both human and divine.
4. WE BELIEVE...though originally good, Man Willingly Fell to Sin—ushering evil and death, both physical and spiritual, into the world.
5. WE BELIEVE...Every Person Can Have Restored Fellowship with God Through 'Salvation' (trusting Christ, through faith and repentance, to be our personal Savior). [1 of 4 cardinal doctrines of the AG]
6. WE BELIEVE...and practice two ordinances—(1) Water Baptism by Immersion after repenting of one's sins and receiving Christ's gift of salvation, and (2) Holy Communion (the Lord's Supper) as a symbolic remembrance of Christ's suffering and death for our salvation.
7. WE BELIEVE...the Baptism in the Holy Spirit is a Special Experience Following Salvation that empowers believers for witnessing and effective service, just as it did in New Testament times. [1 of 4 cardinal doctrines of the AG]
8. WE BELIEVE... The Initial Physical Evidence of the Baptism in the Holy Spirit is 'Speaking in Tongues,' as experienced on the Day of Pentecost and referenced throughout Acts and the Epistles.
9. WE BELIEVE...Sanctification Initially Occurs at Salvation and is not only a declaration that a believer is holy, but also a progressive lifelong process of separating from evil as believers continually draw closer to God and become more Christlike.
10. WE BELIEVE...The Church has a Mission to seek and save all who are lost in sin. We believe 'the Church' is the Body of Christ and consists of the people who, throughout time, have accepted God's offer of redemption (regardless of religious denomination) through the sacrificial death of His son Jesus Christ.
11. WE BELIEVE...A Divinely Called and Scripturally Ordained Leadership Ministry Serves the Church. The Bible teaches that each of us under leadership must commit ourselves to reach others for Christ, to worship Him with other believers, to build up or edify the body of believers—the Church and to Meet human need with ministries of love and compassion.

12. WE BELIEVE...Divine Healing of the Sick is a Privilege for Christians Today and is provided for in Christ's atonement (His sacrificial death on the cross for our sins). [1 of 4 cardinal doctrines of the AG]
13. WE BELIEVE...in The Blessed Hope—When Jesus Raptures His Church Prior to His Return to Earth (the second coming). At this future moment in time all believers who have died will rise from their graves and will meet the Lord in the air, and Christians who are alive will be caught up with them, to be with the Lord forever. [1 of 4 cardinal doctrines of the AG]
14. WE BELIEVE...in The Millennial Reign of Christ when Jesus returns with His saints at His second coming and begins His benevolent rule over earth for 1,000 years. This millennial reign will bring the salvation of national Israel and the establishment of universal peace.
15. WE BELIEVE...A Final Judgment Will Take Place for those who have rejected Christ. They will be judged for their sin and consigned to eternal punishment in a punishing lake of fire.
16. WE BELIEVE...and look forward to the perfect New Heavens and a New Earth that Christ is preparing for all people, of all time, who have accepted Him. We will live and dwell with Him there forever following His millennial reign on Earth. 'And so shall we forever be with the Lord!'

### **ARTICLE II. PURPOSE**

In response to God's love, grace and truth:

The Purpose of the Chapter is to establish and advance at the University of Iowa witnessing communities of students and faculty who follow Jesus as Savior and Lord: growing in love for God, God's Word, God's people of every ethnicity and culture and God's purposes in the world.

### **ARTICLE III. DOCTRINAL BASIS**

We believe in:

The only true God, the almighty Creator of all things, existing eternally in three persons Father, Son, and Holy Spirit--full of love and glory.

The value and dignity of all people: created in God's image to live in love and holiness but alienated from God and each other because of our sin and guilt, and justly subject to God's wrath.

Jesus Christ, fully human and fully divine, who lived as a perfect example, who assumed the judgment due sinners by dying in our place, and who was bodily raised from the dead and ascended as Savior and Lord.

Justification by God's grace to all who repent and put their faith in Jesus Christ alone for salvation.

The indwelling presence and transforming power of the Holy Spirit, who gives to all believers a new life and a new calling to obedient service.

The unity of all believers in Jesus Christ, manifest in worshipping and witnessing churches making disciples throughout the world.

The victorious reign and future personal return of Jesus Christ, who will judge all people with justice and mercy, giving over the unrepentant to eternal condemnation but receiving the redeemed into eternal life.

To God be glory forever.

### **Constitution of the Iowa Hawkapellas**

Take Note was established as a non-academic student organization on the campus of the University of Iowa in 2008. In 2015 the group formally changed our name to the Iowa Hawkapellas. We, the members of Iowa Hawkapellas, enact and approve this constitution to further develop the group's potential, ensure group union, and to provide a solid foundation from which the Iowa Hawkapellas can develop its future interests and aspirations.

August 22, 2016

#### **Article I — Preamble**

The group's aim is to bring the sound of an all-female a cappella group to Iowa and to the University of Iowa and to help showcase the talents of the members of the group. However, it is to be noted that the Iowa Hawapellas is a group effort and can only function well as a single unit.

#### **Article II — Membership**

Members must actively make a positive contribution to the group. All members are also expected to attend all meetings and rehearsals. Failure to do so will result in possible disciplinary actions, depending on the circumstances, formality of the meeting, and advanced knowledge of said meeting/rehearsal.

A. In no aspects of the Iowa Hawkapellas' programs shall there be any difference in the treatment of persons because of race, national origin, color, creed, religion, sex, age, disability, veteran status, associational preference, or an other classification which would deprive the person on consideration as an individual. The organization will guarantee that equal opportunity and equal access to membership, programming facilities, and benefits shall be open to all persons.

B. The maximum number of members in the Iowa Hawkapellas can not exceed fifteen people, unless special exception is voted upon.

C. There are five different classes of membership: Soprano, Mezzo-Soprano, Contralto, Contralto II, and Vocal Percussionist. Any member can be in more than one class, and assignment of each class will vary depending upon the voice range of the individual, long being sung, and the needs of the group. All classes have equal rights.

D. Selection of the members will be conducted by vocal auditions. The auditions will be reviewed by returning members (founding members) of the groups. The official auditions will be held at the beginning of each school year; however, non-official auditions may be carried out in accordance with special situations.

E. Members of the group can lose membership rights if they show a lack of commitment to the group. Revocation of membership will be decided by a 3/4 vote of remaining members. In disciplinary circumstances, a returning member of the group may be required to re-audition. The decision to re-audition will be made by the Executive Committee.

F. Concerns of Non-Executive Members should be brought to Executive Officers, who will then decide as a full committee on the actions to be taken.

### **Article III — Officers and Committees**

Any member who has been in the group for more than one semester may be eligible for an officer position. Officers are appointed by a majority vote by the members of the Iowa Hawkapellas.

Every member must be allowed to vote. In the event that they are not present; email, SMS, or a phone call will suffice. An officer can be revoked of her title by a 3/4 vote, save the president, who may be impeached only by a unanimous vote of non-president members.

Some officer positions belong to larger committees that help keep the group efficient and organized. These committees can meet at the discretion of committee members, and should send record of what was discussed and accomplished during the meeting to the President. Communication between committees is essential for the group as a whole, and should be done between committee leaders.

Members of the group can hold multiple officer positions; however, no member shall hold any officer position if they already hold Presidential office. The jobs of the officers are botlimited to the member who holds the office, but requisition of jobs must be approved by the officer and, depending on the situation, the president. Officer positions G, H, and I can be distributed amongst any and all group members as they see fit.

The officer roles are as follows:

#### **Members of the Executive Committee:**

## Constitution for the University of Iowa Asian American Coalition

Revised Spring 2016

### Preamble

We are dedicated to not only providing a stronger Asian American community, but allowing students with an interest in East Asian cultures a chance to learn about the vast diversity in the region. We strive to create an environment where cultural diversity is welcomed and can thrive, where questions can be asked and answered, and where, most importantly, ties and friendships are forged that will last past graduation. We are an organization that reflects and changes as our members share their interests and passions, but some things are always consistent. A comfortable, home away from home atmosphere, a close knit group, and fun.

### Article I: Purpose

The University of Iowa Asian American Coalition was created to better represent the interests and concerns of the on-campus Asian American community. AAC will accomplish this in two ways: by contacting multicultural organizations that may fall under and/or wish to characterize themselves as "Asian" and subsequently maintaining relationships built; and by fostering a stronger sense of Asian American community through social events and outreach projects. The refusal to define this organization by a specific national or professional concern, in addition to maintaining contact and facilitating meetings between representatives of other multicultural organizations, effectively makes the University of Iowa Asian American Coalition an "umbrella organization." In addition, designation as a constituent organization or an organization under the Asian American Coalition's "umbrella" does in no way allow or give the Asian American Coalition any power over how the constituent organization functions or what activities it carries out. Designation as a constituent organization simply designates that organization as willing to collaborate with fellow multicultural organizations within the umbrella, and also qualifies that organization to a vote in the election of, and only of, the UISG Asian Constituency Seat Representative during executive board elections.

### Article II: Membership

- A. The University is guided by the precepts that in no aspect of its programs shall there be differences in the treatment of persons because of race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, associational preferences, or any other classification that deprives the person of consideration as an individual, and that equal opportunity and access to facilities shall be available to all.
- B. There is no maximum limit to the membership. The minimum limit is five.
- C. There are two classes of members:
  - a. Voting Members:
    - i. Must have attended at least 3 meetings or events throughout the entire year by time of executive board election.
    - ii. Are allowed to participate in elections; however, there is no absentee voting permitted.
  - b. Affiliate Members:
    - i. Must have attended at least 1 meeting in the previous semester.
    - ii. Are not allowed to vote.

## MEMORANDUM

**TO:** Student A, Complainant  
24:7, Respondent

**FROM:** Constance Schriver Cervantes   
Compliance Coordinator  
Office of Equal Opportunity and Diversity

**DATE:** July 24, 2017

**SUBJECT:** Finding on formal complaint of discrimination

---

### I. SUMMARY

On February 20, 2017, Complainant filed a formal complaint with the Office of Equal Opportunity and Diversity against Respondent alleging that Respondent engaged in actions in violation of the University of Iowa's *Policy on Human Rights*.

This finding is issued in conjunction with the Office of Equal Opportunity and Diversity's investigation of Complainant's complaint.

### II. FINDING

The evidence produced during the investigation does not provide a reasonable basis to believe the *Policy on Human Rights* was violated.

### III. BACKGROUND

Complainant is a student at the University of Iowa, and a former member of 24:7.

Respondent is a registered student organization at the University of Iowa.

In addition to Complainant, the following witnesses were interviewed:

- Jacob Boyd, 24:7 Worship Leader, employed by Parkview Evangelical Free Church (Parkview)
- Scott Gaskill, former Pastor, 24:7 College Pastor, employed by Parkview
- Student C, member of 24:7

The following documents/information were reviewed:

- Copy of Facebook Messenger notes of meeting dates between Boyd and Gaskill and Complainant
- Constitution of 24:7

- Center of Student Involvement & Leadership Registered Student Organization Constitutional Standards and Guidelines
- "Nature of Complaints," notes from Complainant
- 24:7 Student Leader Application completed by Complainant
- 24:7 website: 247uiowa.edu

#### IV. SUMMARY OF REMEDY REQUESTED, ALLEGATIONS AND RESPONSES

##### Remedy Requested

Complainant requests that 24:7 be required to comply with the university's non-discrimination policy, or no longer be a recognized student organization, affiliated with the University of Iowa.

##### Allegations

Complainant states that he was denied a leadership position as a freshman Bible Study leader with 24:7 because of his sexual orientation.

Complainant indicated that at the end of the 2016 spring semester, he applied to be a Verve (freshman Bible Study) leader in 24:7. Complainant did not meet with any student officers or the members of the organization in regard to his application, but rather was interviewed by Boyd, one of the members of the Parkview's 24:7 staff. Complainant states Boyd told him he was "impressed," and there should be no reason he would not be selected.

Complainant stated that 24:7 knew of his sexual orientation, but initially, Complainant regarded his sexual orientation as a struggle with same-sex attraction, which was in line with Parkview's beliefs. Complainant told Boyd at the conclusion of his interview that he had potentially changed his mind, and might be open about being gay.

Complainant was then contacted by Gaskill, Parkview's College Pastor, and a member of Parkview's 24:7 staff, with a request to meet. Complainant met with Gaskill and advised Gaskill that he was struggling with being gay and Christian. Gaskill told Complainant if Complainant was openly gay he would not be acceptable as a leader in 24:7.

Gaskill held a second meeting with Complainant, with Student C also present. At this meeting Complainant expressed concerns that he would not be offered the Verve leader position unless he was "closeted." Complainant was told he could reveal he was "struggling with same-sex attraction," but not identify as gay. Complainant was advised by Gaskill that it was the combination of his views and orientation that prohibited him from being offered the position.

Complainant stated he did not have any further conversations with Gaskill because:

With regards to your question – I did not get back to Pastor Gaskill. The reason I did not was because his response was inherently discriminatory. The fact that he was not okay with me identifying as "gay" is inherently discriminatory—he wanted me to reject a core part of who I am. Although he claims a decision had not been made regarding my

leadership, this is misleading. His decision was already made: I could not be a leader if I was openly gay and/or engaged in a relationship. Period

The conditions that he placed upon me (the condition to both be single and to agree with his theological stance) is one that is simply not consistently applied. There is at least one leader in 24/7 who disagrees with 24/7's position on gay marriage, yet because she is straight, 24/7 does not care. Straight folks in 24/7 date all the time.

This underscores an important point: it is impossible to separate my theological stance with my identity. In other words, the real reason behind Pastor Gaskill's disapproval of me being a leader isn't my "theological stance." It is my identity. In fact during that second meeting with Pastor Gaskill I recall asking Pastor Gaskill whether it was my theological stance or my sexual orientation that was the reason for me not getting the leadership position right away. His answer was that it was a combination of both. Hence, this is a case of discrimination on the basis of sexual orientation – had I been straight, the fact that I didn't necessarily agree with 24/7's theological stance on marriage would have essentially been a non-issue, much like it is for at least one current leader.

Complainant understood he could still be a member of 24:7, but he chose not to be.

The Application completed by Complainant indicated his desire to be a Verve leader. In addition, one of the questions in the application provides as follows:

2. The Bible's definition of sexual immorality is rooted in the Greek word pornea, which includes a wide variety of sins such as masturbation, viewing/addiction to pornography, fornication (sex outside of marriage), lust, inappropriate relations with the opposite sex, homosexuality, etc. (1 Corinthians 6:12-20.) Where do you see those sins in your life? Have you done anything to see God transform your life in those areas?

Complainant's answer provided in part:

I am gay, and continue to wrestle with what the Bible actually teaches on the subject of homosexuality. ...

## Response

It is 24:7's position that the church staff had not yet made a decision on Complainant's application to be a Bible Study leader in 24:7, and that 24:7 is entitled to restrict the leadership in 24:7 to those who agree with the theology 24:7 follows from Parkview, which includes the belief that homosexuality is a sin.<sup>1</sup>

According to the 24:7 university website, 24:7 is a college ministry started by Parkview in the late 1990s. The 24:7's website includes a section entitled, "Who We Are," and therein lists the

<sup>1</sup> 24:7 is a registered student organization with the university. However, it appears to be completely controlled by staff employed by Parkview. For purpose of this Finding only, it is assumed that 24:7 is a student organization.

names and pictures of seven members of the Parkview staff, including Gaskill and Boyd. There is no mention of any student involvement in running the ministry. [www.247uiowa.com/about](http://www.247uiowa.com/about).

1. The Scriptures, both Old and New Testaments, to be the inspired Word of God, without error in the original writings, the complete revelation of His will for the salvation of men and the Divine and final authority for Christian faith and life.

<sup>2</sup>All university registered student organizations are required to follow the Registered Student Organization Constitutional Standards and Guidelines, <http://csil.uiowa.edu/manage/new-organization-constitutional-guidelines/>.

Under those guidelines, the university's Human Rights Clause must be included and must be written in a student organization's Constitution exactly as follows: *In no aspect of its programs shall there be any difference in the treatment of persons on the basis of race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, associational preferences, or any other classification which would deprive the person of consideration as an individual. The organization will guarantee that equal opportunity and equal access to membership, programming, facilities, and benefits shall be open to all persons. Eighty percent (80%) of this organization's membership must be composed of UI students.*

The clause in 24:7's Constitution does not meet the present language requirements, which the university last updated in October 2014.

2. In one God, Creator of all things, infinitely perfect and eternally existing in three persons: Father, Son and Holy Spirit.
3. That Jesus Christ is true God and true man, having been conceived of the Holy Spirit and born of the Virgin Mary. He died on the cross, a sacrifice for our sins according to the Scriptures. Further, He arose bodily from the dead, ascended into heaven, where, at the right hand of the Majesty on High, He is now our High Priest and Advocate.
4. That the ministry of the Holy Spirit is to glorify the Lord Jesus Christ and, during this age, to convict men, regenerate the believing sinner, and indwell, guide, instruct and empower the believer for godly living and service.

Jacob Boyd. Boyd is not a student nor an employee of the university. He is employed by Parkview as part of the 24:7 staff. There is no 24:7 advisor on the faculty or staff of the university.

Boyd provided details as to how 24:7 has been run in the past, including selection of leadership for 24:7 for the 2016-17 academic year, the year at issue here. The selection of officers for 24:7 was done by the staff of Parkview. The only two officer positions are President and Vice President. Parkview staff made the decisions as to who should be in those positions, and then gave the then current 24:7 President and Vice President the "recommendations" as to who should fill those roles for the upcoming year. Those recommendations were then followed. No vote by the members of 24:7 was held.<sup>4</sup>

For filling other leadership positions within 24:7, there was a leadership application process where interested students filled out an application on line. The applications were then reviewed by Parkview staff. The applicants were then interviewed by Parkview staff. After the interviews were completed, the information from the interviews was considered by Parkview staff, and Parkview staff made the decisions.<sup>5</sup>

Boyd met Complainant at the beginning of the fall of 2015. Complainant attended the 24:7 Wednesday meetings, and attended the Freshman Bible Study meetings called "Verve" at the Airliner in Iowa City on Monday nights.

In January 2016, Boyd learned Complainant was gay. Boyd stated they had a good relationship and Complainant confided in Boyd that he was a homosexual, and that he was struggling with that and theological belief. According to Boyd, the Bible states that acting upon same-sex attraction is a sin. Complainant indicated he was not planning on doing so.

Complainant applied to be a Verve leader for the 2016-17 academic year, by submitting an application at the end of March 2016. Boyd met with Complainant in the basement of the IMU to interview Complainant, and took notes.<sup>6</sup> At the conclusion of the interview Boyd told Complainant he was impressed with him and he did not think there should be any problem. The interview lasted 20-30 minutes.

Following the interview Complainant told Boyd he was on the fence about what the Bible says about homosexuality. Complainant was not sure if he believed it was a sin to act on it. Complainant was unsure if that would create a problem with him being selected as a Verve leader. Boyd told Complainant he did not know, and that Boyd needed to discuss that with Gaskill. Boyd then called Gaskill and related the conversation he had with Complainant. Boyd

<sup>4</sup> Boyd stated Parkview will be changing the 24:7 Constitution. In the past Parkview staff has chosen the officers of 24:7. The students will now select them, in the past there was no distinction between voting members and members.

<sup>5</sup> Article V, Section 5.1 as set forth above provides the President is to appoint the group's leaders.

<sup>6</sup> The notes from Boyd's interview with Complainant were requested as a part of this investigation, however, counsel for 24:7 responding for the organization indicated the organization did not have any notes.

then deferred further action on the matter to Gaskill. Boyd had no further meetings with Complainant, and no further discussions with Gaskill about Complainant.

Complainant's application for Verve leader was not discussed at the 24:7 leader selection meeting, held by Parkview staff after the completion of the interviews with individuals who had applied for leadership positions. Complainant's name came up in the selection meeting, and the Parkview staff was told Gaskill and Boyd were handling it. Boyd stated that after the final list of leaders was posted and Complainant was not on it, Boyd became aware Complainant was not selected.

Boyd indicated he knew of no prior similar situation. If an applicant reported they were involved in pre-marital sex that would raise a concern for leadership consideration. For Complainant, it was his belief about same sex attraction, that it was not a sin to act on same-sex attraction. If an applicant said they did not believe it was wrong to engage in pre-marital sex, that would be a problem with theology, and they would not allow that person to be a leader. Boyd would have referred such an applicant to Gaskill.

Scott Gaskill. Gaskill, the former Parkview 24:7 College Pastor, indicated he is not affiliated with the university and confirmed 24:7 has no advisor on the faculty or staff of the university. The majority of Gaskill's employment at Parkview involves leading the staff team and student leader team of 24:7. Gaskill confirmed the Statement of Faith in the 24:7 Constitution is a portion of the Statement of Faith from Parkview.

Gaskill indicated the purpose of Parkview's 24:7 staff team is to deal with 24:7. The President and Vice President of 24:7 are the only student officers in the organization. The students lead, but with "a lot of oversight" from Parkview. In the past, the Parkview staff has "approved" the officers. There is a regular meeting held on Sunday mornings at Parkview for student leaders of 24:7. For the 10 years that Gaskill has been with Parkview, the student officers of 24:7 have also been involved in Parkview. Gaskill stated there has never been an officer recommended by Parkview staff that was not affirmed by the student members. The current president of 24:7 was chosen by Parkview staff. There was no vote by the students. They may have had a hand raising to show agreement at one of the meetings, but he does not recall.

For other 24:7 leadership positions, interested students apply to Parkview on-line. These include the Verve and campus group leaders, for the biblical communities. Parkview staff and some student leaders interview the applicants. The interviewers then come back to Parkview staff with recommendations, and the Parkview staff team makes the final decisions on the applications. It is rare not to be made a leader as there are so many kinds of different positions, if the applicant agrees with Parkview's positions on the Bible's teaching.

Although the 24:7 Constitution references "voting members," there is no difference in the 24:7 organization between voting members and members. Members are not required to affirm Parkview's Statement of Faith. Leaders are required to affirm the Statement of Faith. The leadership application does not indicate that requirement, but that is covered in the interview.

Complainant filled out an application for a leadership position in 24:7. Boyd reported to Gaskill that after Complainant's interview, Complainant had asked Boyd what would happen if he did

not still believe what he had written on the application. There is a question on the application that addresses sexual sin. Complainant was now considering a revisionist point of view on homosexuality.

The traditional view, which is held by Parkview, is that sexuality is only acceptable to be expressed within the bounds of a marriage, and between one man and one woman. This theology is based on four passages in the Bible. The revisionists interpret the four passages differently and believe it is not a sin to express sexuality as a homosexual.

After speaking with Boyd, Gaskill asked Complainant to meet with him. The meeting lasted one hour. With respect to the above mentioned four biblical passages, Gaskill believes the passages are clear that homosexuality is a sin. Complainant had yet to decide whether he would stand by that traditional view or follow the revisionist view. Complainant called himself a "gay Christian," and Gaskill was uncomfortable with the term. Complainant wanted to know if this would affect his role with the leadership team.<sup>7</sup>

Gaskill stated he wanted Complainant to be part of the leadership team, but if Complainant was espousing this belief, it would be difficult, as Complainant could not affirm the same beliefs as Parkview. However, Gaskill stated he did not specifically tell Complainant that if Complainant was openly gay he would not be accepted as a leader. The conversation ended with Gaskill telling Complainant that Complainant needed to "land theologically" before they talked about leadership.

Student C, one of Complainant's peers, told Gaskill that Gaskill and Complainant had walked away from the meeting having heard different things. Student C indicated to Gaskill that Complainant felt misunderstood or not heard.

A second meeting was then held between Gaskill and Complainant, with Student C also present. Gaskill stated Complainant expressed his concern that he would not be offered the position unless he was "closeted." Gaskill told Complainant that Gaskill did not want Complainant to be closeted, but wanted Complainant to be true to his identity.

According to Gaskill, there was no resolution at the end of the second meeting, but that Complainant needed to decide where he landed theologically. When that occurred they could pick up the conversation about his leadership application. Gaskill stated he told Complainant he could "obviously" be in the organization, but that he was not sure how things would work out with the leadership position. Gaskill stated in his interview that he believed Complainant understood that if Complainant "landed" differently theologically than Parkview on the issue of homosexuality as a sin, Complainant's role in 24:7 would be different. It would be hard for Complainant to be a campus group leader and not affirm his core identity beliefs; but it would be difficult for Complainant to be in a leadership position, calling himself a gay Christian, and not espouse Parkview's core theological beliefs.

---

<sup>7</sup> Gaskill did not ask Complainant if he was acting on his belief, engaging in sexual activity outside of marriage, but Complainant shared that he was not.

Complainant stated he asked Gaskill if it was his theological stance or his sexual orientation that was the reason for not getting the leadership position immediately and Gaskill's answer was it was a combination of both. Gaskill in a written response stated that he does not believe having a particular sexual orientation is sinful and denies making such a statement. He stated the concern focused on whether Complainant's theological views aligned with 24:7's, especially when Complainant was not sure what his views were. He asked Complainant "to pray, search the Scripture and come back...when his views were more solidified."

Gaskill stated he was open to further conversation, and that no final decision had been made, but that Complainant did not pursue it further.<sup>8</sup>

Student C. Student C joined 24:7 about a week after he began his freshman year at the university. He also attends Parkview church. He described Complainant as a friend.

Following Complainant's interview with Boyd, Complainant discussed it with Student C. Complainant related he felt the interview went well. However, at the end of the interview Boyd asked if Complainant had any questions and Complainant told Boyd he was still wrestling with 24:7's theological stance on homosexuality. Boyd told Complainant he would have to get back to him.

Student C then spoke with Gaskill before Gaskill's first meeting with Complainant. Student C explained to Gaskill that Complainant was worried because he had not been accepted into the leadership position for which he had applied.

After the first meeting between Gaskill and Complainant, Complainant told Student C he was very concerned and upset, and felt like he had not been heard. On the other hand, Gaskill told Student C after the same meeting that he had felt good about the meeting. Student C suggested a second meeting between Gaskill and Complainant.

Student C stated he was present at the second meeting, just to try to make sure the two were communicating with each other. At the meeting there was discussion of whether Complainant would be a leader in 24:7. Complainant said he was still wrestling with his own theological

---

<sup>8</sup> There were attempts made to reach Gaskill further to determine if Gaskill would have selected Complainant for a leadership position in 24:7 if Complainant indicated he did not believe it was a sin to be gay, and where Complainant would have to have landed theologically to be selected for a Verve Leader. Attorneys for 24:7 indicated that Gaskill was no longer employed by Parkview, but that Boyd and Gaskill consulted on the questions and were in agreement on the following response:

Both of these questions are difficult to answer because they involve hypothetical situations that we never actually faced. As you will, recall, [Complainant] communicated to us that he was reevaluating his theological beliefs and was not sure what he believed. So, we asked him to think through his beliefs and offered to continue the conversation once he did so. But [Complainant] did not pursue the matter further. Also, hypotheticals involve a myriad of different variables and nuances. Answering each would require more conversations to avoid misunderstanding, and thus impossible to answer in the abstract. Speculating about what we might have done in an imaginary situation, where so many variables are unknown, casts no light on whether 24:7 violated any University policies in its interactions with [Complainant].

position as to whether homosexuality was a sin. Gaskill indicated he wanted to give Complainant space to “land” on a theological stance.

Student C indicated he did not recall the specific exchange Complainant stated occurred, wherein Complainant asked Gaskill if it was his theological stance or his sexual orientation that was the reason for not getting the leadership position immediately, and Gaskill’s answer was it was a combination of both. Student C stated to the best of his recall the content of the conversation as a whole was largely centered on how theological positions affect personal practice.

Following the meeting Student C felt the decision on Complainant’s application had not been made, and consideration of his application would be contingent on Complainant landing on a theological stance, so that a decision could be made with complete information. Parkview wanted its theology to be unified for the leadership position of Verve leader in 24:7, and Parkview wanted Complainant to have its stance for that position.

## V. APPLICABLE POLICIES

### Policy on Human Rights:

The University is guided by the precepts that in no aspect of its programs shall there be differences in the treatment of persons because of ... sexual orientation ... These principles are expected to be observed in the internal policies and practices of the University; specifically in the ... in policies governing programs of extracurricular life and activities...

<http://opsmanual.uiowa.edu/community-policies/human-rights>

## VI. ANALYSIS AND CONCLUSION

The purpose of a formal investigation is to determine, based on sufficient evidence, whether there is a reasonable basis to believe that a violation of the policy has occurred. The standard for evaluating evidence gathered in the investigation is by a preponderance of evidence which requires the investigator to determine whether it is more likely than not that a given fact is true, or a given event occurred.

For a violation of the *Policy on Human Rights* here, the evidence must show that an individual was treated differently than others were treated in a university program, and that the differential treatment was based on a protected class, including sexual orientation.

The University of Iowa has a categorical non-discrimination policy. The *Policy on Human Rights* prohibits discrimination in its programs based on protected classifications, including sexual orientation. There is no distinction within the *Policy on Human Rights* for membership as opposed to leadership positions. The policy provides: *in no aspect of its programs shall there be differences in the treatment of persons because of ... sexual orientation ... These principles are expected to be observed in the internal policies and practices of the University; specifically in the ... in policies governing programs of extracurricular life and activities...*

Complainant applied for the position of Verve leader. In his application, Complainant stated he was gay and that he continued to wrestle with what the Bible actually teaches on the subject of homosexuality. He was interviewed for that position by Boyd, who stated he knew prior to the interview that Complainant was gay.

At the conclusion of the interview with Boyd for the position, Boyd knowing Complainant was gay, told Complainant he was impressed with him and he did not think there should be any problem with his selection as a Verve leader.

Complainant was not selected as a Verve leader. Complainant alleges that he was not selected to the position because of his sexual orientation. Respondent denies that this was the basis for non-selection.

The preponderance of the evidence supports the following:

Although Gaskill did not ask Complainant if he was engaging in sexual activity outside of marriage, Complainant shared that he was not, and so there is no evidence indicating that was the reason Complainant was not selected.

Gaskill stated no decision had been made, and he was waiting for Complainant to come back to him with his theological stance on homosexuality. Complainant stated he did not get back to Gaskill because Gaskill made it clear to him he would not be selected. The evidence is insufficient to determine if the fact that Complainant was not chosen as a Verve leader was because Complainant did not get back to Gaskill to detail his theological beliefs, or because of a discriminatory reason.

A refusal to allow Complainant to be considered as a Verve leader, and treating him differently than other members due to his sexual orientation would violate the university's *Policy on Human Rights*. However, there is insufficient evidence to show the decision was based on Complainant's membership in a protected class, therefore, no policy violation is found.

## VII. APPEAL PROCEDURES

If the Office of Equal Opportunity and Diversity concludes that the complaint is unfounded, the Complainant may appeal the finding on the grounds that the decision was arbitrary and capricious or that the investigating office did not follow procedures resulting in prejudice to the Complainant. Appeals must be made electronically or in writing<sup>9</sup> and submitted together with all supporting documentation to the Office of Equal Opportunity and Diversity within ten (10) university business days of the receipt of the finding. Generally within two (2) university business days, the Office of Equal Opportunity and Diversity will transmit the notice of appeal and the case record to the appropriate appeal officer, as described on the Office of Equal Opportunity and Diversity website: <http://diversity.uiowa.edu/policies/discrimination-complaint-procedures>.

<sup>9</sup> The address to submit such an appeal is: [diversity@uiowa.edu](mailto:diversity@uiowa.edu) or Office of Equal Opportunity and Diversity, 202 Jessup Hall, 5 West Jefferson St., Iowa City, IA, 52242-1316.

The appeal officer, or the appeal officer's designee, will issue a written decision on the appeal to the Complainant and the Office of Equal Opportunity and Diversity within 20 university business days of the receipt of the appeal, although this time frame may be extended due to the complexity of the case or the severity of the allegations.

In cases where the appeal is denied, such action constitutes final university action on the matter, subject to appeal to the Iowa Board of Regents. In cases where the appeal is successful, in whole or in part, the appeal officer/designee will advise the Office of Equal Opportunity and Diversity regarding appropriate measures to address the issues of concern raised in the appeal.

For complaints that conclude in a finding that there is a reasonable basis to believe that a policy violation has occurred and sanctions have been imposed, Respondents may appeal such findings through the grievance procedures applicable to them. The Respondent may challenge any sanctions imposed as a result of a finding through available grievance procedures.

### **VIII. NOTE ON CONFIDENTIALITY AND RETALIATION**

The Office of Equal Opportunity and Diversity considers all information received in connection with the filing, investigation, and resolution of complaints to be confidential. Disclosure of information in connection with this complaint is limited to those individuals necessary to its investigation and resolution, and it is expected that the parties will observe the same standard of confidentiality. The individuals copied on this finding are administrators who have authority and responsibility for the University of Iowa student organizations, or for the Respondent and would be critical to any sanction that might be imposed. This practice of maintaining confidentiality is in the best interests of all the parties to the complaint and failure to respect confidentiality may be regarded as retaliation. University policy prohibits retaliation against individuals who file complaints and against those who participate in complaint investigations as witnesses.
