## Athletics Department Strategic Plan

### 2013-2018

---

#### **Introduction**

The University of Iowa's Department of Intercollegiate Athletics employs more than 200 full-time staff who, collectively, works to provide more than 650 talented male and female student-athletes a superior academic and athletics experience. In 2008, the Department introduced its first five-year strategic plan. That document detailed the goals and action items that would guide the planning across all units of the Department. Much has been accomplished during the past five years, a period of time that has also been marked by significant changes locally, regionally, and nationally in intercollegiate athletics.

The five-year plan embodied in this new strategic plan will, again, serve as the road map for the Department as it moves further into the 21st century. The plan provides the framework to support the stated mission of the Department as well as the Department's stated values and commitments, continues to embrace the Department's commitment to being "student-athlete centered," and maintains the Department's long-standing culture of striving to compete for championships (Win), academic success (Graduate), and for its participants to be active contributors to the greater University and Iowa City communities (Doing it right) as the path to ensure that "Today's Hawkeyes are Tomorrow's Leaders."

The athletic department strategic plan process invited input from all staff, student-athletes (through their representatives), the Presidential Committee on Athletics, and other members of the UI community. The strategic plan of the UI Department of Intercollegiate Athletics is not a static document. As goals are accomplished, they will likely be replaced by greater aspirations. As new, unforeseen initiatives are undertaken, they will be added where appropriate.

## **Mission Statement**

The mission of the Department of Intercollegiate Athletics is to provide the administrative and coaching support, facilities, resources, and equipment necessary for student-athletes to graduate from The University of Iowa while competing successfully in broad-based championship caliber intercollegiate athletics. The overall well-being of the participant and integrity of the program are paramount in all that we do.

## **Values and Commitments**

### **Education and enrichment of the student-athlete**

The Department values competitive athletic and academic experiences that foster self-esteem, a sense of responsibility, effective communication skills, and an appreciation for life-long learning.

### **Integrity in all aspects of behavior**

The highest level of excellence and integrity shall characterize every aspect of policy, competitive performance and programs in the Department. All participants in the Department shall be expected to exemplify impeccable integrity, be they student-athletes, coaching staff, administrative professionals, or support staff.

### **Fiscal responsibility**

It is a fundamental tenet that the Department shall at all times maintain a fiscally responsible and economically sound structure that provides the optimal environment for student-athlete success within budgetary parameters.

### **Innovation in approach and spirit**

In order to meet its goals and develop a problem-solving orientation, the Department is dedicated to encouraging innovation and creativity as core values.

### **Respect for the individual and diversity**

The Department values diversity in its people, whether that diversity is expressed by heritage, race, belief, age, sexual orientation, gender, disability, or veteran status and recognizes the need to work as a team while valuing each individual's self-worth.

### **Valuing our heritage**

The Department is committed to principled championship caliber athletic achievement and the on-going enhancement of the traditions of Iowa Hawkeye Athletics, including leadership, individual and team achievement, and intense pride and loyalty.

### **Outreach**

The Department must strive to enhance the overall mission of the University through competitive excellence, academic achievement, and an on-going commitment to service.

### **Leadership**

The University of Iowa will continue its long history of conference and national leadership through a commitment to leading edge involvement in athletics issues.

## Executive Summary

This document serves as a road map toward achieving high levels of athletic and academic success during the next five years and beyond. The opportunity to reach these milestones is achievable with the total buy-in and commitment of all Hawkeye coaches, student-athletes, administrators, alumni, and fans. The history and tradition of Hawkeye Athletics run deep and are strong. Together, and with total commitment, the future looks even brighter.

The following executive summary provides a brief overview and a sampling of the goals and aspirations contained within the Strategic Plan.

### **I. Competitive Success – (WIN)**

- ❖ Consistently finish in the top half of the Big Ten Conference in all sports.
- ❖ Compete for Big Ten and National Championships in every sport.
- ❖ Reach and maintain a position no lower than the top 35 of the Learfield Sports Directors' Cup, which historically would place the Hawkeyes in the top half of the Big Ten Conference competitively.
- ❖ Create a sport-by-sport map to achieve championship goals and aspirations.

### **II. Undergraduate Education – (GRADUATE)**

- ❖ Increase the number of student-athletes with a 3.0 or above GPA. Annually meet or exceed the College of Liberal Arts and Sciences in GPA.
- ❖ Continue to maintain a culture of student-athlete participation in the following: University and Athletics Department committees and working groups, Athletics Department civic activities, campus cultural activities, and in student government.

### **III. Compliance/Student-Athlete Welfare/Diversity – (DO IT RIGHT)**

#### **Compliance**

- ❖ Implement the plan for ticketholders to choose a particular parking lot based on their priority points and giving levels.

### **Premium Seating & Club Space**

- ❖ Continue to operate Premium Seating at or near 100% capacity.

# 2013–2018 Strategic Plan

## I. Competitive Success

Winning is an essential element of the Hawkeye tradition. Every person associated with the Athletics Department must be committed to the expectation of competing for championships. It is a given that every coach and student-athlete prepare and train to be the best. Beyond that, each staff member plays a critical role in providing support to create an environment in which that success can be achieved. All members of our Department must remember that the first rule of competitive success is to do everything by the rules as set forth by the NCAA, Big Ten, and The University of Iowa. We strive to win at the highest levels with integrity and through maximum effort.

### Goals and Commitments

1. Consistently finish in the top half of the Big Ten Conference in all sports, while giving us an opportunity to compete for championships.
2. Compete for Big Ten Championships in every sport.
3. Reach and maintain a position in the top 35 of the Learfield Sports Directors' Cup, which historically would place us in the top half of the Big Ten as relates to the Learfield Sports Directors' Cup.

### Action Items and Initiatives

  - Academic support
  - Other

- Work with coaches to identify areas for improvement throughout the Department. Prioritize the list and identify an action plan to address them.
- Add full-time coaches in all sports up to the NCAA maximum (swimming, men's golf, women's golf, men's tennis, and women's tennis).

## II. Undergraduate Success

The University of Iowa Athletics Department aspires for its signature accomplishment to be graduating student-athletes. Historically, our student-athletes graduate at a rate that is equal to or greater than the rate of all undergraduates at the University. We support the recent initiatives in academic reform in intercollegiate athletics; our goal is not just to meet these standards, but to exceed them. In doing this, our students will be role models for academic excellence not only on our campus but on the national scene within intercollegiate athletics. In addition, the Athletics Department supports the development of student leadership roles in the belief that students have a fundamental right to participate in University, Big Ten Conference, and NCAA governance. Additionally, these opportunities are significant contributors to social development and civic engagement; they are key steps to solidifying Today's Hawkeyes as Tomorrow's Leaders.

## Women's Climbing Clinic

Looking for a new way to challenge yourself? Join us for an afternoon of climbing and camaraderie! Climbing improves mental and physical fitness, builds confidence, is a ton of fun, and is a great way to meet new people. This is for women who have no previous climbing experience. Participants will learn the basics of climbing in a supportive environment. This clinic is taught by two experienced female climbers, Jenna McCoy and Rec Services assistant director Meredith Caskey.

We are holding two offerings:

- Saturday, October 27, 8:00 a.m. - 10:00 a.m.
- Saturday, December 1, 6:00 p.m. - 8:00 p.m.

The registration is \$15. If you are not a member, you must also pay the CRWC walk-in fee (\$10). Spots are limited to 10 for each clinic so we recommend registering ASAP! Click [here](#) (<https://connect.recserv.uiowa.edu/>) to register.

Source: MAUI/Registrar's data warehouse (see Note 1). See note regarding differences in count of residents as compared to Headcount Enrollment by Residency.

Note: International status, residency status, and residency state are derived from distinct fields in the student information system and were not perfectly aligned prior to MAUI implementation in fall 2013, resulting in small variations among reports that include residency and/or international status. See notes on Reporting Variations for detail.

Note: Counts unique programs of study completed. A student who completed multiple programs of study (e.g. English and History) might have earned a single degree (e.g. Bachelor of Arts) and would be counted only once in a count of degrees. Data for previous years may be updated (increased) in subsequent reports due to late conferral of degrees for previous sessions.

Note: the Association of Research Libraries (ARL) includes 125 members, of which 115 are university libraries and 10 are public, governmental, and nonprofit research libraries. ARL member libraries are the largest research libraries in North America, representing 17 Canadian and 108 US research institutions. The academic libraries, which comprise 92% of the membership, include 16 Canadian and 99 US libraries.

## Peer Comparisons

### University of Iowa Peer/Comparison Groups

The university often benchmarks itself against its peers and other related institutions. University of Iowa peer and comparison groups include:

**Association of American Universities (AAU):** The University of Iowa is a member of the Association of American Universities (<https://www.aau.edu/>), an organization of 62 universities recognized for their excellence in research.

**Big Ten Conference:** The University of Iowa is a member of the Big Ten Athletic Conference and the **Big Ten Academic Alliance (formerly the Committee on Institutional Cooperation [CIC])**, <https://www.btaa.org/home>. The 14 members of the Big Ten are:

- University of Illinois, Urbana (public) ..... <http://www.uiuc.edu/>
- Indiana University, Bloomington (public) ..... <http://www.iub.edu/>
- University of Iowa, Iowa City (public) ..... <http://www.uiowa.edu/>
- University of Maryland, College Park (public) ..... <http://www.umd.edu/>

- Rutgers University, New Brunswick (public) ..... <http://newbrunswick.rutgers.edu/>
- University of Wisconsin, Madison (public) ..... <http://www.wisc.edu/>

**UI Peer Group:** Because the members of the Big Ten and CIC differ from one another in a variety of ways (for example, some campuses have large health sciences centers and others do not), the University of Iowa regularly uses an "official UI Peer Group" to benchmark itself against other, similar, institutions. The university formed the official UI Peer Group in the mid-1980s, and the Board of Regents, State of Iowa approved it. It included all of the public universities in the Big Ten at the time (Penn State was not yet a member), except for Michigan State and Purdue, which did not have comparable health science centers. In addition, four comparable campuses from various geographical regions of the country were added. The 10 public university members of the official UI Peer Group are:

- University of Arizona, Tucson ..... <http://www.arizona.edu/>
- University of California, Los Angeles ..... <http://www.ucla.edu/>
- University of Illinois, Urbana ..... <http://www.uiuc.edu/>
- Indiana University, Bloomington ..... <http://www.iub.edu/>

- University of Wisconsin, Madison ..... <http://www.wisc.edu/>

## Peer Comparisons

**Regents Comparison Group:** In some reports, at the request of the Board of Regents, State of Iowa, the University of Iowa provides comparison benchmarking data for a group that includes all of the Big Ten public universities plus the four non-Big Ten universities that are part of the official UI Peer Group: Arizona, UCLA, North Carolina, and Texas.

<b>Alumni</b>	Operations Manual section II.23.1 ( <a href="https://opsmanual.uiowa.edu/community-policies/treatment-alumni-records#23.1">https://opsmanual.uiowa.edu/community-policies/treatment-alumni-records#23.1</a> ) defines an alumnus as a person who has earned a degree or a certificate from the university. The UI Living Alumni Statistical Report (the source for Digest reporting on alumni) also includes as alumni residents and fellows who have completed programs in the Carver College of Medicine.
<b>Course Section Type</b>	<ul style="list-style-type: none"> <li>Stand-alone: A section that is not associated with another section, such as a lab or discussion.</li> <li>Lecture: A section that has associated lab and/or discussion sections.</li> <li>Independent study: An individual instruction section that is not a formally structured class.</li> </ul>
<b>FTE – Faculty</b>	Faculty FTE is determined by source of salary funds on a line-by-line basis (for example, if an employee has one appointment in the Tippie College of Business for \$20,000 and another in the College of Liberal Arts and Sciences for \$60,000, for a total salary of \$80,000, he or she would represent .25 FTE in Business [\$20K/\$80K] and .75 in CLAS [\$60K/\$80K]).
<b>FTE – Student</b>	Student FTE is calculated here as follows: for undergraduate students, enrolled credit hours divided by 15; for graduate students, enrolled credit hours divided by 9; for professional students, enrolled credit hours divided by 12 up to 12 hours, and all students with 12 hours or more are counted as 1 FTE; for postgraduate students, 1 headcount = 1 FTE.
<b>Full-Time or Part-Time Designation (Students)</b>	<p>The Office of the Provost considers students to be full-time if they are enrolled for at least the number of hours at which they are charged full tuition:</p> <ul style="list-style-type: none"> <li>Undergraduate: <math>\geq 12</math> hours</li> <li>Graduate: <math>\geq 9</math> hours</li> <li>Professional: <math>\geq 12</math> hours</li> </ul> <p>All postdocs, residents, and fellows are counted as full time.</p>
<b>Fund Groups</b>	The Office of the Provost associates each fund code in the General Ledger with one of nine fund groups as outlined in the table below. (See the <a href="#">Accounting Code Manual</a> for a list of all funds by number and name.)

## Definitions and Notes

### **Professional Students**

Professional student counts include "first professional" (those pursuing a DDS, JD, MD, or PharmD degree) only. Other students enrolled in the professional colleges are counted in other categories (e.g., Master of Laws [LLM] students in Law are counted as graduate students).

## Definitions and Notes

## Notes

- 1 **Enrollment Data, Source of** Student enrollment (headcount and FTE) data prior to fall 2013 are pulled from the Registrar's data warehouse. In fall 2013 and later they are pulled from the MAUI student information system.
- 2 **Postgraduate Student Headcounts, Fall 2011** In fall 2011, 288 postgraduate students (residents) were left out of census-date reporting due to a change in coding; they are included in Data Digest reports.
- 3 **Iowa Intensive English Program (IIEP)** Students enrolled exclusively in Iowa Intensive English Program (IIEP) courses are no longer included in any student headcounts (they were included in the unclassified undergraduate counts in previous versions of the Data Digest). This change was made in the university's census-date reporting beginning with fall 2017. See the table below for the counts that were previously included.

IIEP Fall Student Headcounts	2008	2009	2010	2011	2012	2013	2014	2015	2016	2017
Male	29	15	23	22	48	43	41	30	25	86
Female	31	25	25	14	30	26	24	27	21	71
Total	60	40	48	36	78	69	65	57	46	157

- 4 **Race/ Ethnicity Reporting** Race/ethnicity categories and reporting methodology represent federal reporting categories and methodology. A major change in data collection and reporting occurred in 2009 for students and in 2010 for faculty; data before and after are not directly comparable. Prior to the change, individuals were only able to indicate a single race/ethnic category. After the change, revised federal guidelines allowed individuals to indicate multiple race/ethnic identities. These guidelines stipulate that all domestic students or faculty who indicate Hispanic ethnicity should be reported as Hispanic, regardless of other racial information provided. Non-Hispanic domestic students or faculty who indicate more than one race are reported in the "two or more races" category.
- 5 **Gender Reporting** In spring 2016 the university began its Inclusive Student Records initiative, which provides new functionality allowing students to designate and use identifiers (preferred first name, sex, gender, and pronouns of reference) in many university student records systems. Effective fall 2016 (20163), the possible values for "gender" (now "sex" in university systems) changed from "male," "female," or "transgender" to "male," "female," or "prefer not to answer." (In addition to and distinct from the value selected for "sex," students now have the option to identify one or more gender identity values.) In Digest reports, "Prefer Not to Answer/Other" includes all students who chose not to identify their sex as either male or female, whether by selecting "transgender" (or not reporting) in fall 2013 through fall 2015, or by selecting "prefer not to answer" in fall 2016.

## Definitions and Notes

### Reporting Variations

Many categories of university data can be counted or measured in a variety of different ways, depending on definitions of what to include, timeframe, and other variables. How a particular set of data is reported may reflect requirements imposed by an external agency, or the business requirements of a given university unit. The following notes are provided for Data Digest users who are interested in understanding the specific differences between data in the Digest and in selected other reports.

#### Faculty FTE

The Data Digest includes two counts of faculty FTE, in the November 1 Faculty FTE report and the November 1, 2015 Employment Profile FTE report. Both are derived from November 1 PeopleSoft HR data. Differences include:

Faculty FTE Report	Employment Profile FTE Report
Faculty identified and grouped according to jobcode, as defined in ProView documentation. Institutional officers and college-level administrators (e.g., deans/associate deans) are counted separately.	Faculty identified and grouped according to UI_JOB_PRIM_TYPE field in table PS_JOBCODE_TBL. Institutional officers are counted separately, college-level administrators are included with tenure track faculty.
Includes pay groups 1,7,8,A,B,1F,7F,AF, and BF	Includes pay groups 1,7,8,A, and B
Does not include faculty on unpaid leave	Includes faculty on unpaid leave

There are additional small differences in how funds are grouped (see Definitions for how funds are grouped in the Digest).

#### Faculty Headcounts

Faculty headcounts are reported to the Board of Regents, State of Iowa; in response to various surveys; and in other internal and external reports. Guidelines for which faculty to include or exclude in these reports vary, resulting in different counts of "total faculty." Below is a summary of some of the reports that include faculty headcounts.

Report	Inclusions/Exclusions	Total
<i>Reports/Surveys based on November 1 Snapshot Data (totals shown as of November 1, 2014)</i>		
Board of Regents Tenure Report

Miscellaneous Surveys	Full time and part time Tenure Track, Clinical Track and Research Track faculty	2,330
Miscellaneous Surveys	Full time and part time tenured/tenure track faculty. Includes administrators with faculty appointments.	1,616
AAUP Faculty Survey	Full time Instructional faculty in non-clinical departments, all ranks (excludes Research Track and Administrators)	1,415
AAUDE Faculty Salary by CIP Code	Full time instructional faculty in non-clinical CIP programs, top three ranks only. Administrators (Assistant Deans and higher) are excluded	1,182

## Definitions and Notes

Equal Opportunity and Diversity/Chief Diversity Office Reports	Affirmative Action Plan: Excludes administrators (including DEO's); Includes visiting faculty and faculty fellows	2,763
	Board of Regents: Same as above, but excludes faculty with less than 50% appointments	2,508

The Data Digest 10-year faculty headcount reports (by faculty category, gender, and race/ethnicity) are based on the Board of Regents Tenure Report, with all faculty included. The Digest also includes the most recent November 1 Employment Profile Headcount Report, which includes faculty. The Employment Profile is prepared by Human Resources from PeopleSoft HR data, and uses slightly different criteria to identify and group faculty, as noted under Note 2, above.

**Graduate Student Counts, Master's vs. Advanced**

The Headcount and Full-Time Equivalent (FTE) Report in the Student Profile breaks down graduate student headcounts into "master's" and "advanced." The latter includes students pursuing doctoral degrees, as well as post-doctoral students in sessions where those students were counted with graduate students (see "Postgraduate Student Counts"); the "master's" group includes all other graduate students (certificate and non-degree students, etc.). The advanced (doctoral) vs. masters (masters + other) breakdown in Data Digest reports will not match the Headcount and FTE Report because of the graduate students who were formerly counted as professional (see "Graduate vs. Professional Student Counts"), and because post-doctoral students have been separated out. The Headcount and FTE Report also reflects a few additional small variations in counting in selected sessions.

**Graduate vs. Professional Student Counts**

In fall 2014 the Board of Regents, State of Iowa required that only "first professional" students (those pursuing a DDS, JD, MD, or PharmD degree) be counted as professional in official SUI enrollment reporting. Prior to fall 2014, Tippie School of Management students and some other students in the professional colleges (non-degree students in Dentistry, Law, and Medicine; certificate students in Dentistry and Medicine; and Master of Laws [LLM] students in Law) were counted as professional. In Digest reports, only "first professional" students are counted as professional in all years.

**Postgraduate Student Counts**

The Fall Enrollment Report begins counting postgraduate students separately from other students starting in fall 2011; the Census Report does so in fall 2013; and the Student Profile's Comparative Enrollment Report does so in fall 2014. Prior to those sessions, in each of those reports, graduate post-doctoral students and fellows (Liberal Arts, Graduate College, Public Health) were counted with graduate students, and professional residents and fellows (Medicine, Dentistry, Pharmacy) were counted with professional students. Postgraduate students are counted separately in all years in Digest reports.

In fall 2013, one CLAS Fellow was counted as an undergraduate in the College of Liberal Arts and Sciences in Registrar reporting. This student is counted as post-doctoral in Digest reports, in order to be consistent with prior sessions.

In fall 2011, 288 postgraduate students (residents in the Carver College of Medicine) were left out of census-date reporting due to a change in coding. They are included in Digest reports.

**Student Counts by Residency and Geographic Origin**

International status, residency status, and residency state are derived from distinct fields in the student information system and were not perfectly aligned prior to MAUI implementation in fall 2013. A small number of undergraduate students were coded as international according to reported ethnicity, and as residents of the state of Iowa according to residency status. In addition, some students were coded as non-resident but with a residency state of Iowa, and were counted as resident or non-resident depending on context. In the Digest, where there is a discrepancy and the data are presented as part of a single whole, priority is given to international status (derived from the reported ethnicity field) over residency status, and then to residency status over residency state. This results in small differences as compared to the Summary of Total Enrollment by Geographic Origin report in the Student Profile.

## Definitions and Notes

### Student FTE and Full-Time Status

In the Data Digest, student FTE and full-time or part-time status are defined as described above in Definitions. In the Student Profile and Fall Enrollment Report, there are some variations in how students are counted that are based not on enrolled credit hours but on program of study, enrollment in a certain type of course, the provision (starting with MAUI data in fall 2013) of a "short hours" letter (a form authorizing a graduate or professional student to be considered full time for immigration or other purposes even though actually enrolled for fewer than full-time hours), or other factors. The Digest ties full-time status and FTE to enrolled hours in an effort to provide the most consistent data over time.

### Technology Transfer

Measures in the Data Digest Technology Transfer report differ from those in the annual Economic Development and Technology Transfer report to the Board of Regents in several ways, including:

- the Digest includes audited data that may reflect minor additions or adjustments;
- the Regent report includes all patents issued; the Digest includes U.S. patents issued only;
- the Regent report includes all license and option agreements generating income; the Digest follows an industry guideline that excludes agreements below a certain dollar amount, and doesn't count certain materials.

## FAQ [#]

### Where is the link to apply for The Iowa Edge Program?

On this Iowa Edge program page, there are 3 blue buttons on the right side of the screen. Please click on the 3rd button that reads, "How to Apply/Enroll." The link to apply for the 2019 program will become available in May 2019.

### I'm not sure if my application went through.

If you believe that your application did not submit successfully, please send an email with your name and the date that you suspect that you submitted your application to Lauren Garcia at [lauren-garcia@uiowa.edu](mailto:lauren-garcia@uiowa.edu) [<mailto:lauren-garcia@uiowa.edu>].

### I might miss a day of the Iowa Edge Program date, can I still apply for the program?

Since the Iowa Edge program is limited in the number of students who can actually participate, we can only accept students who can commit to completing the program in its entirety.

### I will be living off campus, can I still participate in the Iowa Edge Program?

While the Iowa Edge program is designed for students who live on-campus, we will accept students into the program who live off-campus. It will be your responsibility to arrive on-campus each day at the assigned time and stay for the duration of the program each day, or a cancellation fee will be assessed. For planning purposes, we would like to know where you will be living during the week of Iowa Edge, so that we may provide you with appropriate logistical communication regarding your participation in the program. Please note that the application will request that your address of residence be submitted before submitting the application.

### What are the benefits of participating in The Iowa Edge Program?

There are several benefits to participating in the Iowa Edge program, for example, student in this program will be able to:

- Meet faculty and campus leaders who will support you during your college experience
- Build community with a group of peers before the semester begins

**I am participating in the Honors Primetime program, Hawkeye Marching Band, or another program that has conflicting times with the Iowa Edge Program. Can I still participate in Iowa Edge and my other program simultaneously?**

Unfortunately, due to significant time overlaps, it is not possible for students to participate in the Iowa Edge program if they are also participating in Honors Primetime, the Hawkeye Marching Band, or any other conflicting program.

**What date/time should I arrive on campus if I am selected for the Iowa Edge Program?**

Students should expect to move into their resident hall (dorm) sometime during the designated move-in time from 10:00am to 3:00pm on Sunday, August 18, 2019.

**Will I be charged to move into my dorm room early?**

No, the Iowa Edge Program will cover the cost of early move-in.

**Will I be able to move directly into my actual dorm room or is there special housing for the Iowa Edge Program?**

The room that you move in to will be your actual residence hall room for the entire school year. The University of Iowa's resident halls determine room assignments for all incoming students in advance, and we request their assignment information prior to the program beginning just so that we can have Iowa Edge Leaders welcome you to the residence halls and answer any questions. Since you move in early, chances are you will not meet many individuals in your residence hall until they move in four days later on the actual housing move-in date.

**Will our meal plan be active during the program, or do we have to pay for our meals?**

All Iowa Edge participants will have meals provided for them starting with dinner on Sunday until the end of the day Wednesday, August 21, 2019 at no extra cost.

**Is there an itinerary of activities?**

Families and students will be provided with itineraries for the program during check-in on Sunday. Until we release the official itineraries, you can expect there to be arrangements for participants to interact with faculty and professors, community building activities at the Challenge Course, tours of many important buildings and resource offices, leadership training, and classroom experiences, and sessions on financial literacy, study skills, and career paths.

**How can I select more than one major option or pre-major option on the list?**

To select more than one Area of Study please hold the CTRL button when selecting the options you want. It should allow you to highlight a couple of options.

**I have already made arrangements for early move in on August 12th. Should I continue to register for this early move-in just in case I am not accepted into the program?**

If you have already made arrangements for the 18<sup>th</sup>, feel free to keep that arrangement. If you are accepted into the Iowa Edge Program your early move in fee will be covered at no cost to you. However, if you not selected, you will still be charged the early arrival fee.

**Does Iowa Edge pay for housing?**

No, student living on and off-campus are responsible for their own housing costs. However, to participate in the Iowa Edge program the student will have to move into their University Residence Hall early. Moving into University Residence Halls early incurs a daily charge of \$45 dollars. For the length of the Iowa Edge program, we will cover the early move-in costs only.

## Grants

Grants are gifts of money that do not have to be earned or repaid. To apply for grants awarded by the Office of Student Financial Aid, students must file the [Free Application for Federal Student Aid](#) (FAFSA) **each year**. For information on the financial aid application process, refer to our [Step-by-Step Process](#) web page.

The [U.S. Department of Education website](#) has additional information on grant programs.

The University of Iowa Office of Student Financial Aid (UI OSFA) encourages students to file the 2019-2020 FAFSA as soon as possible after **October 1, 2018**. **The filing deadline for priority consideration is December 1, 2018**. After a student is admitted to the University of Iowa, the FAFSA information is reviewed and the student's financial aid eligibility is determined. Students are considered for grants and scholarships before employment and loans.

Awards are made on a first-come, first-served basis. Although students can apply for financial aid throughout the year, funding for some financial aid programs may be depleted for the upcoming academic year.

More detailed financial aid application information is available on our [Step-by-Step Process](#) web page. **Students will automatically be considered for the Federal Pell Grant, Federal SEOG, and IMAGES, if they have filed the FAFSA for the appropriate academic year.**

## Federal Pell Grant

This federal need-based grant is awarded to the most needy students, determined by filing the FAFSA. Only undergraduate students who have not earned a bachelor's degree are eligible. The amounts vary

each award year depending on program funding, number of hours for which the student is enrolled, and the **expected family contribution**. The maximum 2018-2019 academic year award for a full-time student is \$6,095. Less than half-time enrollment is allowed in certain circumstances.

## Federal Supplemental Educational Opportunity Grant (SEOG)

This federal need-based grant is awarded to students with exceptional financial need, determined by filing the FAFSA. Only undergraduate students who have not earned a bachelor's degree are eligible. Students must be enrolled at least half-time (six hours per semester) and may receive this grant for a maximum of eight semesters.

## Federal TEACH (Teacher Education Assistance for College and Higher Education) Grant

The Federal TEACH Grant provides up to a maximum yearly amount of \$4,000 to a student who agrees to serve for at least four years as a full-time teacher in a high-need field in a public or private elementary or secondary school that serves students from low-income families. Currently, the yearly maximum is slightly less than the \$4,000 maximum, due to federal sequestration.

If you are a graduate or an undergraduate student enrolled in or admitted to the College of Education, review the requirements listed in Section B of the  **application form**. If you wish to apply, complete and submit the application form to the College of Education, Office of Educational Services, N310 Lindquist Center.

## IMAGES (Iowa Minority Academic Grant for Economic Success)

This university and state need-based grant is awarded to Iowa residents pursuing their first undergraduate degree who are African American, Latino/Hispanic, Asian, Pacific Islander, American Indian, or Alaskan Native and demonstrate financial need. Students must be enrolled at least half-time (six hours per semester) and may receive this grant for a maximum of eight semesters. In the event there are reductions in state funding for the University of Iowa, support for institutional scholarships and grants may be impacted. If that happens, academic awards may be reduced within the academic year.

## State of Iowa Funded Aid

If you are awarded State of Iowa funded aid (Iowa National Guard Education Assistance Program, All Iowa Opportunity Scholarship, All Iowa Opportunity Foster Care Grant), in the event that available state funds are insufficient to pay the full amount of each award, the **Iowa College Student Aid Commission** has the authority to administratively reduce the award to an amount less than the statutory maximum.

### Additional Information

Grants are not automatically renewed. **Students must reapply for financial aid each year.**

**Some financial aid programs are subject to the availability of funds** (first-come, first-served); therefore, file the 2019-2020 FAFSA as soon as possible after October 1, 2018. **The filing deadline for priority consideration is December 1, 2018.**

#### Important news about the Full-time MBA Program

Tippie College of Business has announced that the incoming class of 2019 will be the last cohort of students admitted to the Full-time MBA program at Iowa. The decision to end this delivery format for the Iowa MBA will allow the college to continue to innovate and grow the Professional MBA, Executive MBA, and portfolio of specialized master's programs increasingly preferred by the students and businesses we serve.

RE: Christian Legal Society

We have consulted with the Office of General Counsel about the constitution for this organization. Based on a legal review, there appear to be no first amendment violations in the organization's constitution for local participation in a religious organization. Clearly, the practices of the organization will have to be consistent with the spirit of open participation. They may be notified through the standard methods used for recognizing all organizations. I am enclosing the Constitution and the letter sent to me by the organization for your information.

Dear Bill and Kristi:

I respect and understand the Administrations position on the Christian Legal Society and that both of your hands are legally tied and also realize that this organization must proceed to the Student Assembly for consideration where it will receive full recognition. However I object on both ethical and moral grounds to this organizations recognition. Therefore, I will not be able to put my signature on the recommendation form for the Christian Legal Society.

I truly respect an individuals right to free speech and applaud those of faith and conviction. Few people in our society have convictions any more. I however would like to believe that I am not one of those individuals. I find the legal lip service questionable and the organizations true beliefs ethically and morally repugnant. I have fought for many things in my life, of which includes antidiscrimination policies and actions. I can not in good conscience violate ideas that have been the backbone of my existence.

I have been apart of the University of Iowa for many years and have enjoyed being apart of such a great institution as ours. The way in which the University embraces and celebrates diversity on a multitude of levels is something to be cherished, applauded and passed to future generations of students. Allowing The Christian Legal Society to simply add the human rights clause in order to become recognized when we know that they have no intentions of upholding such clause is allowing them to do an end run around a system that has been set up to protect equal opportunity and access for all individuals.

Upon leaving our earlier meeting I felt as if my hands had been tied by the Administration. I cant recall a situation where my hands have ever been tied. The only way that I can figure to untie them is by not signing their recognition form. I understand that the Administration has to balance the possible legal repercussions against factually based predictions.

An organization that you will consider tonight for full recognition is the Christian Legal Society. **GRADUATE AND PROFESSIONAL ALLOCATIONS COMMITTEE  
BYLAWS**

Amended 5/14/09

**I. DEFINITIONS**

**(A) Allocation.**

This term shall refer to the GPAC funds assigned, or recommended for assignment, by GPAC to a Group for specific programs and line items.

**(B) Board of Regents.**

This term shall refer to the Iowa Board of Regents.

**(C) Budget Request.**

This term shall generally refer to the written or electronic application for funding. If not specified, this term shall refer to the annual application used to request funding. If specified as such, this shall refer to written or electronic supplemental applications submitted between annual applications.

**(D) CFO.**

This acronym shall refer to Collaborative Funding Organizations. This refers to organizations that are eligible to receive funding from both UISG and ECGPS. Funding levels for these organizations shall be recommended by the Finance Committee and approved by both student governments pursuant to the administration's interim policy.

**(E) ECGPS.**

This acronym shall refer to the Executive Council of Graduate and Professional Students.

**(F) GPAC.**

This acronym shall refer to the Graduate and Professional Allocations Committee.

**(G) GPAC Funds.**

This term shall refer to monies from GPAC that are allocated to Groups.

**(H) Groups.**

This term shall refer to any set of people or activities, who, under these bylaws shall submit a budget request, e.g. ECGPS, or parts thereof, United Students of Iowa, Collegiate and Residence Associations, Commissions, Student Organizations, and student fee-supported services. Two or more sets of people or activities, who shall be eligible to submit separate budget requests, may combine with each other to submit a single annual budget request, e.g., parts of the judicial branch or two student organizations. Each eligible set of people or activities, however, may only submit one annual budget request whether this request is separate or combined. However, the ECGPS or parts thereof may each submit two annual budget requests:

One for fixed costs such as telephone rental and executive salaries, and one for other program costs. Allocations based on a combined request shall be to only one account and it is the responsibility of the combined sets of people or activities to make accounting and authorization arrangements for this allocation.

**(I) Finance Committee**

Consistent with the Interim Policy on Student Activity Fee Allocation announced by the Vice President for Student Services in March 2009, the Graduate and Professional Allocations Committee will appoint three of its members to serve with six UISG members on a Finance Committee for fixed costs and collaborative funding organizations as defined by the Interim Policy. One of these appointees should be the GPAC Chair.

**(J) Line Item.**

This term shall refer to the individual expense class within a specific program section of a Group's account, and shall be as defined by University accounting procedures. This term shall also refer to requests for such individual expense classes during GPAC deliberations on budget requests.

**(L) Outside Funds.**

This term shall refer to monies raised by Groups aside from UISG and GPAC funds.

**(M) Priority.**

This term shall refer to the significance assigned to an individual program by UISG and its constituent bodies. GPAC will not attach any significance to a student organization's UISG-designated priority level when allocating funds. Because of their mission and roles in the graduate and professional student community, the Executive Council of Graduate and Professional Students and the six member governments of the ECGPS shall be eligible for the same rights and privileges formerly held by "Priority 1" organizations under the old PSGI Allocations system. These include, but are not limited to the ability to rollover GPAC funds for the following fiscal year, as well as ~~relaxed~~ restrictions on expenditures including the ability to spend allocated funds on food, beverages, social activities, and insurance, and ~~discretionary~~ budgets with autonomous control to redistribute their GPAC recommended line items consistent with university policy. These organizations shall be designated as "Member Governments" (MG) on all contracts and forms, thus indicating their privileges described here.

**(N) Program.**

This term shall refer to one or more Line Items with a single, specific purpose and title as specified on the budget request forms. The budget allocation and

recommendation bills shall group line items according to these programs. Office supply allocations shall be included in this definition of a Program.

- (O) **SABAC.**  
This acronym shall refer to the SA Budgeting and Auditing Committee (UISG Const. Art. II, Sec. F, Par. 5b).
- (P) **Student Organizations.**  
This term shall refer to allocations for all University of Iowa student organizations, as recognized by the Office of Student Life. This term will cover all student groups regardless of their constituency or membership.
- (Q) **UIOM.**  
This acronym shall refer to the University of Iowa Operations Manual.
- (R) **UISG.**  
This acronym shall refer to the University of Iowa Student Government, which ECGPS recognizes as the legitimate student government organization for the undergraduate student body and a peer governing body.

## II. GENERAL PROVISIONS

- (A) **Members**  
GPAC is composed of three students from the graduate school and one student from each of the following schools: the Dental, Pharmacy, Law, Medical, and Business Colleges. None of the appointees to GPAC shall be ECGPS delegates.
- (B) **Appointment and Terms**  
New GPAC representatives shall be appointed by May 1 each year and shall take office on June 1 each year. Representatives shall be chosen according to the constitutions and bylaws of their respective constituent student governments. The GPAC chair shall notify constituent student governments of their obligations to elect or appoint GPAC representatives.
- (C) **Chairperson**  
The Graduate and Professional Allocations Committee shall nominate one of its members to serve as Chair of the Committee subject to approval of the Executive Council of Graduate and Professional Students in the April ECGPS meeting. Upon taking office, the chairperson shall not serve as a representative to GPAC from a constituent student government and should not have voting rights unless in the event of a committee tie where the chairperson shall cast the tie-breaking vote. ~~In addition to the responsibilities outlined in these Bylaws the GPAC Chair shall continue to serve as a full voting member of the Committee.~~  
*Note: the ECGPS will solicit nominations and elect a Chair of GPAC in the transition period (Spring 2009). Beginning with fiscal year 2010 these procedures for the selection of the GPAC Chair will take effect.*

- (6) A list of eligible CFOs;
- (7) A list of GPAC members;
- (8) A final budget report prepared by the GPAC chair; and
- (9) Dates, times, and locations of regularly scheduled GPAC meetings.
- (10) Dates and submission methods for supplemental funding periods.

**III. STUDENT FEES ALLOCATION****(A) Authority.**

The ECGPS power to allocate fees is derived from the Board of Regents to the University of Iowa and its duly appointed officers. Distribution of the fees allocated and other ECGPS funds shall also be vested in the Delegates of the Executive Council of Graduate and Professional Students. ECGPS shall also maintain a budget for its own activities, including committees charged with making awards and grants for professional advancement or public service.

**(B) Recommendations.**

Recommendations concerning the allocations of student activity fees to the ECGPS will be made by GPAC. The ECGPS will review GPAC recommendations and approve or fail recommendations. All approved allocations will immediately be sent to the Office of the Vice President for Student Services for approval. Recommendations that fail to be approved shall be sent back to the Graduate and Professional Allocations Committee for revision.

**IV. ELIGIBILITY AND FUNDING PRIORITIES****(A) Eligibility.**

Groups must be properly recognized by ECGPS and the Office of Student Life before applying for GPAC funding. Only the following groups are eligible to receive GPAC funding:

**(B) Organizational Classification.**

GPAC shall internally classify organizations when considering budget requests. Organizational classification shall be defined as follows:

- (1) *Undergraduate Organizations.* These organizations enhance undergraduate student life at the University of Iowa and are made up of heavy majorities of undergraduate students. Examples include pre-professional organizations, Greek life organizations, residence hall organizations, and academic honor societies. These organizations shall receive the lowest priority in allocating ECGPS funds.
- (2) *Graduate and Professional Organizations (GPSO).* Each of the professional schools contain an array of groups specifically targeted to their respective professions. Many graduate programs also have similar organizations. Additionally, the respective student governments of each professional school fall under this category. These organizations shall receive the highest priority in allocating ECGPS funds.
- (3) *All-Student Organizations.* Many organizations attract both undergraduate and graduate students. Some of these groups, such as Homecoming and the Bijou Theater, are permanent fixtures of student life, while some other groups, such as ethnic organizations, have an appeal that transcends grade, age, or program of study. Like all student organizations, these shall be eligible to apply to both UISG and ECGPS for collaborative funding. Although this category is a catch-all for organizations that could conceivably fall in either of the other two categories, these organizations generally satisfy the following conditions:
  - (a) Have a stated mission to provide programming or services to all students rather than a subset of students with a particular interest, academic major or department, or background;
  - (b) provide a plan to ensure transparency of decision-making and programming;
  - (c) provide a specific plan to ensure a balance of programming offered to undergraduate and graduate/professional students such as building consensus among UISG and ECGPS members, providing proportional membership to undergraduate and graduate/professional students on the organization's planning committee, etc.

(C) **Program Funding Level.**

All groups within each Organizational Classification have procedural access to GPAC funding. However, all program funding requests by such groups shall not have equal priority for funding. Determination of the funding level for Graduate and Professional Organizations shall be the responsibility and duty of GPAC using the priorities and criteria contained within these bylaws.

(D) **Human Rights Policy.**

GPAC funds may only be allocated to those groups that comply with the UI Human Rights Policy as defined by Chapter 3 of the UIOM. This compliance shall be determined by the University Human Rights Committee.

(D) **Non-discrimination in ECGPS Funding.**

All groups, having met specifications within these bylaws, shall have an equal opportunity for ECGPS funding, respective of those priorities and criteria listed within these bylaws. GPAC and ECGPS may not discriminate in their funding decisions based on race, creed, or ideology, nor may they engage in viewpoint discrimination. Groups' programs, not pertaining to ideology, must be in accordance with the educational objectives of the University.

**V. ALLOCATION AND FUNDING LEVELS.**

(A) **Funding Authority.**

- (1) *Establishing Guidelines.* GPAC shall issue recommended program funding levels for student organizations. GPAC shall annually establish equitable written guidelines, with approval of ECGPS and subject to review by the University Human Rights Committee.
- (2) *Publishing Decisions.* Upon the conclusion of funding allocations, GPAC will publish a statement with its rationale for funding decisions.
- (3) *Funding Not Guaranteed.* Submission of budget request forms and satisfaction of all rules and regulations will not ensure GPAC funding; funding will be determined upon the considerations listed in these Bylaws.
- (4) *Allocation Authority.* Unless otherwise provided, ECGPS has final authority in accepting or rejecting allocations. All allocations shall be sent to the VPSS or designee for final university approval of the disbursement.

(B) **Allocation Requests.**

Using the Budget Request Form, Groups will provide the following information, upon which GPAC will base its funding evaluation:

- (1) *Funding Priorities.* GPAC will rely on the requesting organizations' stated funding needs when allocating funding. GPAC members shall report any willful falsification of records on a budgeting request to the ECGPS President. Failure by any GPAC member or ex-officio member to report a procedural error or malfeasance by any member shall be an impeachable offense.
- (2) *Target Population.* The requesting group shall provide an estimated number of and description of the students in the target population. This should include

the numbers of undergraduate, graduate, and professional students in this population. The requesting groups shall also provide a description of the leadership in the target population including the numbers of undergraduate, graduate, and professional students in leadership. GPAC shall attempt, in such reasonable manner, to verify these numbers.

- (3) *Program Effectiveness.* Requesting groups shall provide an estimate of the number of students that were reached by the program—or similar programs—in previous years. GPAC shall attempt to verify these numbers in a reasonable manner, including by audit.

**(C) Budget Request Reduction Criteria.**

GPAC will deliberate on groups' budget requests in order to establish recommended levels for Line Item and Program allocations. Motions to reduce the requested amount shall cite one or more of the criteria listed below. In the case of a violation of University of Iowa Human Rights Policy, ECGPS funding may be partially or totally denied. With the exception of a violation of the University of Iowa Human Rights Policy, the following criteria shall be the only acceptable criteria by which allocation recommendations will be reduced:

- (1) *Funding Guidelines.* Before evaluating budget requests, GPAC shall establish and publish certain funding guidelines for specific items to be applied uniformly to all funding requests. GPAC shall deny funding requested in excess of the funding guidelines.
- (2) *Impermissible Expenses.* GPAC shall deny funding for certain items which are deemed impermissible.
- (3) *Political/Religious.* Partisan-political groups or programs and exclusive-religious groups or programs are not eligible for GPAC funding.
  - (a) Partisan-political groups are organizations affiliated with a registered political party or candidates for election which are formed for the purpose of supporting a political party or candidate for election.
  - (b) Exclusive-religious groups are organizations that restrict membership or access to programming according to religious belief. Religious groups may otherwise freely express political beliefs.
- (4) *Human Rights Violation.* GPAC shall deny funding requests if it has a reason to believe requested funds will be used in violation of the University of Iowa Human Rights Policy.
- (5) *Group Viability.* GPAC may reduce or deny funding to a Group that fails to demonstrate its ability to conduct the requested programs to the degree reflected by the size of the request. It should be noted that, for the GPAC to remain fiscally responsible, it will not allocate funds to a group without

adequate indication of the group's viability. In the case of new groups this may result in decreased or deferred funding until such time as viability is established. Viability can be demonstrated by the existence of established, viable membership relative to the purpose and activity level of the group, and either of the following:

- (a) Satisfactory completion of prior programs conducted without UISG or ECGPS funds; or,
  - (b) Demonstrated completion of sufficient groundwork for the requested programs.
- (6) *Misrepresentation.* GPAC may reduce or deny funding if it reasonably believes that a group requesting funding has intentionally or recklessly misrepresented membership size, activities, financial status, or other material information.
  - (7) *Civil or Criminal Liability.* GPAC may reduce or deny funding if it has any reason to believe that an allocation of ECGPS funding would cause ECGPS to be civilly or criminally liable for the loss of funds through gross neglect or misuse. This criterion may only be applied after consultation with appropriate legal representatives of the University.
  - (8) *Fiscal Misfeasance.* GPAC may reduce or deny funding for Groups that have received any funding in the past fiscal year when fiscal responsibility has not been demonstrated. Indications of fiscal responsibility include adequate bookkeeping and proper use of funds.
  - (9) *Accountability.* GPAC may reduce or deny funding if it believes that a requested line item for which funding is requested would be unaccountable in its use for the purpose stated. For example, supplies for an office located in a private residence could be of questionable accessibility and accountability.
  - (10) *Personal Goods.* GPAC may reduce or deny funding if the item requested would be deemed a personal good. For example, an expense such as clothing or sports equipment for a single person if it is primarily intended for personal use of a group member requesting the funding.
  - (11) *Durable Goods.* GPAC may reduce or deny funding requested if the Line Item is a durable good previously funded by UISG or ECGPS and is still functional for the projected use. Examples of durable goods include: scissors, stapler, hole punch, computer, etc. Such goods are eligible for funding only if the good is nonfunctional, and the group has demonstrated proper use of the good.
  - (12) *Standard Office Supplies.* GPAC will only consider funding office supplies for organizations that meet the following criteria: 1) the organization must have

an official office that is known by the Office of Student Life; and 2) the organization must have a minimum of 10 office hours per week. "Office Supplies" are common desk items used by an organization to fulfill their duty from their office and generally include things like paper, pens, and paper clips, for example. Exceptions will be considered on a case by case basis.

- (13) *Multiple Programs.* If GPAC believes that a program is a conglomeration of several programs, GPAC shall have the authority to divide the requested program and its constituent line items into separate programs and line items.
- (14) *Satisfied Need.* GPAC may reduce or deny funding if a Group's intention is already satisfied in University of Iowa or Iowa City community programs. A Group may overcome an objection to funding based on this criterion by providing a thorough explanation of the need for their particular group.
- (15) *Lower Cost Alternatives.* GPAC may reduce funding if it believes that the programs or Line Items may be performed or obtained at a lower cost or through cooperation with other groups or agencies.
- (16) *Outside Funding Pursuit and Availability.* GPAC may reduce funding if it believes that the Group has not adequately pursued outside sources of funding for the program. GPAC may reduce funding if there is outside funding available to the Group, regardless if it is utilized.

**(D) Prohibited Allocations.**

Allocations for the following expense items are prohibited from receiving ECGPS funding, except where specifically in these bylaws. GPAC will create a list of Maximum Funding Standards, which will serve as guidelines for ECGPS deliberations annually. These guidelines will include but are not limited to the following:

- (1) *Food/Beverages.* GPAC will allocate a minimal amount of funding to food/beverage providing organizations sufficiently describe and justify the need for food at an event. No funds will be allocated to organizations to cover the cost of food at regularly scheduled organization-based meetings. There is no guarantee food/beverage will be funded, however as a line item it is not automatically dismissed.
- (2) *Trophies/Awards.*
- (3) *Contingencies/Unspecified Expenses.*
- (4) *Membership Fees.* Such fees shall be defined as those of an individual or individuals paid to an organization on a periodic basis.
- (5) *Contributions.* Contributions to UI departments or ECGPS groups shall be excepted from this prohibition, unless the GPAC has reason to believe that

such contributions would be used to circumvent other rules, procedures, priorities or criteria of these bylaws, or other legislation of the ECGPS.

- (6) *Commencement.* Any graduation service or ceremony for any of the colleges of the University of Iowa.
- (7) *Political Groups.* No funding shall be provided to partisan-political groups.
- (8) *Religious Groups.* No funding shall be provided to exclusive-religious groups.
- (9) *Fund-raising Events/ Activities.* No funding shall be provided to fund-raising events. A fund-raising event shall be defined as an event at which admission is required to attend. However, at an event for which ECGPS funds shall have been allocated, fees may be charged for goods and services other than those for which ECGPS funds have been allocated. Such fees also shall not exceed the cost of the event less the amount allocated for the event by the UISG and outside sources of funding. Incidental line items, e.g. advertising and room charges, which support both the fee-charging and the ECGPS-funded portions of the event shall also be eligible for ECGPS funding. All advertising shall clearly state that attendance to the ECGPS-funded portions of the event is free of charge. Allocations for other activities that have the sole purpose of raising money shall also be prohibited.

#### VI. FUNDING ALLOCATION PROCESS.

##### (A) Budget Request Forms.

GPAC shall create and revise if needed Budget Request forms for the use of organizations requesting funds from GPAC. GPAC will annually provide instructions to accompany the form.

##### (B) Student Organizations.

All UI student organizations, including CFOs that receive allocations from the Finance Committee, may apply for and receive funding from ECGPS through GPAC pursuant to these Bylaws.

- (1) *Annual Funding Requested by Student Organizations.*
  - (a) After completing the annual budget request form provided by GPAC, student organizations shall submit an annual budget request to the GPAC Chair. Student organizations may also submit budget requests to the GPAC Chair as needed throughout the school year.
  - (b) GPAC will deliberate and consider the criteria outlined in §§ V.B – V.C of these Bylaws.

- (c) Upon a majority vote, with the Chair being a non-voting party that will vote only in the case of a tie, GPAC will recommend a funding allocation to ECGPS.
  - (c) GPAC will notify the student group of the funding recommendation to ECGPS so as to provide reasonable notice to the organization before ECGPS considers the allocation.
- (2) *Supplemental Funding Requested by GPSOs:*
  - (a) GPAC shall determine supplemental funding periods by August 1 of the current fiscal year. The deadlines and appropriate request procedure will be posted on the ECGPS and/or GPAC website by August 15.
  - (b) GPSOs may also submit budget request forms to GPAC for supplemental funding at designated times throughout the year. The process will be identical to that set out in § IV.B.1 above. The GPAC Chair must provide reasonable notice to the student organization of the committee's budget recommendation before ECGPS considers the allocation.
  - (c) At the beginning of each fiscal year, prior to annual allocations, the GPAC Chair shall apportion funds to be allocated throughout the year as periodic supplemental allocations rather than allocated during the annual budget process. The amount to be disbursed shall be set forth in a plan approved by a majority of GPAC members. Later deviations from this plan shall then require approval from ECGPS.
- (3) *Appeals:*
  - (a) Before ECGPS approves a GPAC recommendation, a student organization may appeal a funding decision by notifying the GPAC Chair of its appeal.
  - (b) After notification of appeal, the Group may appear before GPAC and advocate for their budget request. This will be considered the informal appeal process. The GPAC chair shall announce a time and place for all student organizations to appeal their recommended funding level before ECGPS considers the allocation.
  - (c) After appearing before GPAC, the student organization may formally appeal to ECGPS by notifying the ECGPS Executive Officer or GPAC Chair of their appeal, and appearing before ECGPS to advocate for its budget request. If the GPAC Chair receives notice of a formal appeal, he or she shall also forward the notice to the Executive Officer to be included in the next regular ECGPS meeting agenda.

## **VII. REVISION OF GPAC BYLAWS**

**(A) Revisitation.**

Revisions of these Bylaws require approval of the ECGPS per the voting measures outlined in the ECGPS Charter. GPAC shall normally review their procedures at least once a year, and make recommendations for revisions to the ECGPS.

**(B) Policy.**

This section is intended to encourage:

- (1) voluntary, thoughtful discourse on a system that all of ECGPS's constituent student governments can agree upon;
- (2) experimentation among the constituent student governments on efficient and responsive allocation techniques.

## **VIII. ARCHIVES**

**(A) Group Data.**

The GPAC Chair shall make available to ECGPS, upon request by any delegate or officer, the following data concerning each group requesting funds. For budget requests from combinations of groups, the data should concern all of the constituent groups for which data is available.

- (1) *Annual Activity.* This shall include account balances forwarded and funding reversions back to ECGPS or UISG in the previous two fiscal years.
- (2) *Publications.* This shall include advertisements and other published literature pertaining to each funded line item within the last fiscal year. The group(s) shall be submit a dated and initialed copy of such material to the Budget Director within a reasonable amount of time upon request.

**(B) Minutes.**

GPAC shall maintain a permanent, current copy of minutes of all GPAC meetings, appeals, and deliberations, and the minutes of ECGPS deliberations on GPAC recommendations. The copy shall be deposited with the GPAC Chair and shall be passed along with that position. The other copy shall be deposited with the ECGPS Executive Officer.

## **IX. CONFLICT OF INTEREST POLICY**

**(A) Employment/Membership.**

Any GPAC member who is, or will be, a member or employed by the Group seeking funding during the fiscal year shall notify the GPAC Chair in writing before the GPAC deliberation on any budget request for the particular Group.

**(B) Sales.**

Any GPAC member who sells, or will sell during the effected fiscal year, any goods to any Group shall notify the GPAC Chair in writing, before the GPAC deliberation on any budget request for the particular Group. Any GPAC member who shall begin to sell during the fiscal year, any goods to any group shall notify the GPAC Chair.

**(C) Voting Ineligibility.**

Any GPAC member who reported, or should have reported, any conflict of interest shall be barred from voting on any allocation to or line item changes of the effected group, including actions of GPAC. Such members, however, shall not be barred under this prohibition from voting on the complete allocation recommendations or from participating in debate.

**(D) ECGPS Notification.**

The GPAC Chair shall make all such reports of conflict of interest known to ECGPS at the time the GPAC presents the affected allocation recommendation to ECGPS.

**(E) Sanctions.**

Violation of such voting prohibitions shall result in the following actions.

- (1) *Impeachment.* Such violations shall be considered malfeasance of duties and responsibilities related to the office held. Such malfeasance shall immediately be presented by the GPAC Chair to the ECGPS President for consideration by ECGPS.
- (2) *Allocations.* Such violations shall also render null and void the allocation contract between the affected group and ECGPS. GPAC shall reconsider the Group's budget request at its earliest convenience.
- (3) *Notification.* Notice of the conflict of interest policy within this volume shall appear on the instructions for all budget request forms and on all allocation contract forms. The GPAC Chair shall be responsible for notifying all GPAC members of the conflict of interest policy. The GPAC Chair shall also be responsible for immediately notifying new members who are appointed to the GPAC. The ECGPS President shall notify all existing and new Senators of the conflict of interest policy.

**X. TERMS AND CONDITIONS**

**(A) Allocation Transfer.**

The amount of any and all allocations approved by ECPGS shall be placed in the university account of the Group that made the budget request. Such transfer, however, shall not be made until 1) after a contract between the ECGPS and the Group receiving the allocation shall have been completed and signed; and 2) the authorized signer(s), at minimum, must attend a yearly (every early Fall) seminar on UI Student Organization Finances led by the GPAC Chair

**(B) Contract.**

There shall be a legally binding contract between the ECGPS and the Group receiving the allocation, signed by the ECGPS President or GPAC Chairperson and at least one authorized representative of the receiving group. Copies of this contract shall be maintained by the University of Iowa Student Organization Business Office and by the receiving Group. The contract shall be of a format designated by GPAC, and approved by a majority of ECPGS, and shall contain at least the following elements:

- (1) *Line Items.* Line items shall be specified within the Group's account in the same manner as originally contained within the budget request, or as modified by the GPAC. Similar types of allocations for different individual programs shall have separate line items (e.g., advertising, honoraria, photocopying for two different programs). For organizations with the MG designation as outlined in I: N of these Bylaws, GPAC will maintain a list of line items, however the contract will only show program / event aggregate lines.
- (2) *Conditions.* There shall be a statement indicating that the group agrees to abide by the ECPGS Constitution, the general conditions contained within this document, the GPAC Bylaws, and the following specific conditions:
  - (a) ECPGS funds shall not be spent on any prohibited or extraordinary expense without the approval of ECGPS. Such approval may either be in the form of separate legislation or as part of the allocation, and shall be noted in writing on the contract.
  - (b) ECGPS funds shall not be used for any purpose other than those listed on the contract (with the exception of organizations with the MG designation as outlined in I: N of these Bylaws) and equipment and supplies purchased with ~~USE ECGPS~~ funds shall be reasonably maintained.
  - (c) All funds received by the group shall be deposited in the Group's University account.
  - (d) The receiving group shall keep an accurate ledger book for the current fiscal year of all monies held by the Group, including all receipts and expenditures. Each such annual ledger book shall be retained for at least 3 years after the completion of the fiscal year. Upon request, the Group shall immediately make such books available to the GPAC or its official representatives. Groups that refuse to make such books available may have their ECGPS funding frozen and/or revoked.
  - (e) The receiving group shall comply with the Conflict of Interest Policy and shall be responsible for ensuring the compliance of its members, executives, directors, employees, and vendors. Non-compliance with the

voting restrictions of this policy shall automatically render null and void this contract.

(f) Any organization receiving GPAC funding shall be required to submit an audit to GPAC each semester. Details of what must be contained within the audit will be posted on the ECGPS website and forwarded via e-mail to each recipient organization. Organizations that do not submit their audit in a timely or appropriate fashion will have their ECGPS funding frozen and/or revoked.

- (3) *Allocation Forfeiture.* Any allocation contract shall be signed by ECGPS President or GPAC Chairperson and at least one authorized representative of the receiving Group within one month of approval of the allocation by ECGPS. Failure to do so due to the action or inaction of the receiving Group may result in revocation of the allocation by ECGPS using the same procedure as for revocation due to breach of contract.
- (4) *University Account.* All Groups receiving ECGPS funding shall be required to have an account or accounts within the University Business Office system. All groups affiliated with the University of Iowa, whether receiving ECGPS funding or not shall be prohibited from holding accounts outside of this system. Accounts outside of this system are only allowed upon consent of the Dean of Student Services, and a majority vote of ECGPS. Such groups, shall forward copies of all statements and correspondence relating to such excepted accounts to ECGPS immediately after receipt of statements and correspondence. Failure to promptly forward said statements and correspondence may result in revocation of permission to hold such outside accounts by a majority vote of ECGPS, and shall be considered a breach of the terms of the allocation contract.
  - (a) *Receipts/Expenditures.* All receipts and expenditures by Groups shall be made through the group's University account. Other Groups that have received proper prior consent to hold outside accounts may deposit receipts of outside funds in such accounts. Expenditures by such groups, however, shall not be allowed directly from such outside accounts, unless prior written release from this term of the allocation contract for each specific expenditure shall be approved by a majority vote of ECGPS. The written release for each such expenditure approved by ECGPS shall be signed by the ECGPS President or GPAC Chairperson and at least one authorized representative of the effected Group and shall be appended to the original contract. Other expenditures from outside accounts shall be made by transfers of the funds to the effected Group's University account and expenditures from such account.
  - (b) *Violation.* Any Group which violates the prohibition against outside accounts shall have ECGPS funding frozen and/or revoked, and any Group may have its status as a recognized student group revoked.

## (5) Accounting Procedures.

- (a) *Standard Procedures.* All Groups receiving ECGPS funding shall follow all standard University accounting procedures. All such Groups shall also follow any additional procedures as specified such as the Student Organizations Account Handbook and UI Operations Manual.
  - (b) *Incorrect Line Items.* After attempts have been made to correct the error, expenses with incorrectly specified line items or expense classes shall be deducted from that account's 00 line item balance, unless such balance is insufficient to cover such expenses. If such 00 line item balance shall be insufficient, then the expense shall be dealt with in the manner decided by the University Business Office.
- (6) *Good Custodianship.* The receiving group shall extend reasonable effort and care to maintain the usefulness of all equipment and supplies purchased with ECGPS funds.
- (7) *Publications/Advertisements.* All groups which receive ECGPS funding to print publications or ads shall be required to submit copies of each such publication or ad to the ECGPS Executive Branch for archival. All such publications, excluding the Daily Iowan newspaper published by Student Publications Incorporated, shall include the ECGPS logo. Such logo shall be at least one inch in diameter. All such ads published after, shall indicate that ECGPS funding was provided.
- (8) *Line Transfer.* No ECGPS funds may be used for any purpose other than those for which they were allocated by ECGPS and which are listed on the contract. Only expenses actually used for a given program may be paid from line items designated for that program (with the exception of organizations with the MC designation as outlined in I: N of these Bylaws). Upon request of the receiving Group, however GPAC may, by majority vote, approve the transfer of ECGPS funds between line items.
- (a) *Transfer Restrictions.* All line transfers must fall within the following restrictions:
    - (i) ECGPS funds may only be transferred into line items that already exist in the group's contract at the time the request is made or used to create new programs in the event that the previously allocated project is impossible to conduct.
    - (ii) No transfer may be made if such transfer would prevent the effective completion of the program for which the allocation was intended and if such transfer would be to a line item for a program that received a significantly lower program funding level evaluation.

- (b) *Contract Amendment.* Line transfers approved by GPAC shall be brought before ECGPS for a vote (with the exception of organizations with the MG designation as outlined in I: N of these Bylaws). A copy of such line transfer amendments shall be forwarded to ECGPS.
- (c) *Unapproved Transfers.* If GPAC does not approve the line-item transfer requested, that information shall be brought to the attention of ECGPS in the form of legislation and ECGPS shall then make its recommendation regarding the transfer.
- (d) *Other transfers.* Line transfers that do not comply with these restrictions shall be accomplished only if ECGPS shall revert the amount desired to be transferred and reallocate it to the new line item.
- (e) *Suspension of Line-Item By-Laws.* The above By-Laws may only be suspended in the following cases:
  - a) The initial program must be canceled due to circumstances the Group has no control over (e.g. the main speaker canceled), or
  - b) Any transfer otherwise unauthorized that is deemed necessary by GPAC for the completion of a program.
  - c) Any discrepancy within these bylaws exist that would contradict the ability of organizations with the MG designation as outlined in I: N of these Bylaws to adjust their GPAC recommended and ECGPS approved budget.
- (9) *Automatic Freezing.* Any University account that receives ECGPS funding shall be automatically frozen at the end of fiscal year, or in the instance of the terms of the contract between ECGPS and the group receiving the allocation shall have been violated.
- (a) *Year End.* All University accounts which receive ECGPS funding shall be automatically frozen at the end of fiscal year, which shall run from July 1 to June 30 of the following calendar year. In addition, no new indebtedness shall be incurred after June 1, except for funds already encumbered, or with permission of the ECGPS President. Both encumbrances and permission shall be in a proper written format as defined by ECGPS to be valid. The accounts of specific CFOs may be excepted from this freeze due to the ongoing and pressing nature of their programs. Such exception shall be granted by a majority vote of ECGPS. Organizations that have received GPAC allocations with targeted program/event dates between July 1 and the first supplemental funding period shall be excepted from this.

(b) *Contract Violation.* Any University account that receives ECGPS funding shall be automatically frozen if there is reasonable cause to believe that the terms of the contract between ECGPS and the Group receiving the allocation have been or will be violated. An automatic freeze on a Group's account may be invoked by the ECGPS President, the GPAC Chair, or a majority vote of either GPAC or ECGPS. If invoked by means other than the ECGPS or GPAC, such a freeze shall be valid for no more than six working days, during which time it must be upheld by a majority vote of either the ECGPS or GPAC to be extended. Once frozen by the ECGPS or GPAC, such frozen accounts will be dealt with in the regular review process.

(d) *Neglected Semester Audit.* Any University account that receives ECGPS funding shall be automatically frozen if they have not submitted a semester financial audit by the deadline posted on the ECGPS website or if their submitted audit contains clearly erroneous information. The freeze shall remain in effect until the organization satisfies the requirement to produce a per semester audit.

(10) *Reversions.* When fees charged at an ECGPS-funded event generate excess revenues, all or part of the ECGPS funds allocated to an account may be reverted to ECGPS at the end of the fiscal year.

(a) *Year End.* All University accounts which receive ECGPS funding shall be reverted to ECGPS at the end of fiscal year, with the exception of those outlined in I: N of these Bylaws. The accounts of specific Groups may be excepted from this freeze due to the ongoing nature of the programs. Such exception shall be granted by a majority vote of the GPAC and consent of the University Business Office.

(b) *Fundraising Revenues.* When revenues from fees charged for goods and services at ECGPS-funded events exceed the cost of the event less the amount allocated for the event by ECPGS and other sources of funding, the excess, up to the amount of ECGPS funding allocated for the event, shall be reverted to the ECGPS. If the event or program is jointly funded by ECGPS and UISG, the excess funding shall revert to ECGPS proportionate to the amount that ECGPS funded the event or program. If the restrictions on fundraising events are violated, however, the full amount of ECGPS funding may be revoked as a penalty, regardless of the uncovered costs. GPAC has the authority to revoke ECGPS funding and ECGPS shall have the ability to reverse such revocation.

(c) *Penalties.* If a group receiving ECGPS funds breaches the terms of the allocation contract by violating the ECGPS Constitution or GPAC Bylaws, part or all of the ECGPS funding allocated to that group may be reverted to the ECGPS. Such reversions shall be ordered by GPAC and ECGPS shall have the ability to reverse such reversion.

- (11) *Breach of Contract.* ECGPS and GPAC reserve the right to freeze, restrict the use of, revert, or revoke ECGPS funds allocated when sufficient cause shall be shown that the terms of the allocation contract have been breached. Reversion shall entail the transfer of funds from an account's Line Items that shall have received ECGPS funds, within the current fiscal year to ECPGS, where the amount transferred shall not exceed the lesser of the current Line Item balance and the total fiscal year ECGPS allocations to the Line Item. Revocation shall entail the transfer of funds from an account that shall have received ECPGS funds within the current fiscal year to the ECGPS, when the amount transferred shall not exceed the lesser of the current account balance and the total fiscal year ECGPS allocations to the Line Item. GPAC and ECPGS action shall use the following procedure:
- (a) *Interim Freeze.* Upon approval of a majority of either the GPAC or the ECPGS, the account involved shall be frozen or restricted for a period not to exceed 45 days. The account may also be temporarily frozen by the ECGPS President, the GPAC Chair, or a majority vote of either GPAC or ECGPS. To approve the interim freezing or restriction of accounts, GPAC or ECGPS shall be shown reasonable evidence that the terms of the allocation contract have been breached. A freeze or restriction invoked by anyone other than GPAC or ECGPS may be immediately revoked by a majority vote of GPAC or ECGPS.
  - (b) *Notice.* Written notice of the actions taken and the period for which the actions are in effect shall be sent by certified mail to the chief executive of the effected Group. If the Group has no executives, then said notice shall be sent to one of the authorized representatives of the affected Group. Copies of said notice shall also be delivered to the ECPGS President and GPAC members. Said notice shall be sent by the GPAC Chair and shall include at least the following elements:
    - i) The action taken and the period for which it is in affect;
    - ii) The cause for the action taken, and the evidence of such cause;
    - iii) The date, time, and place of the hearing;
    - iv) The name, address, and title of the person responsible for sending the notice.
  - (c) *GPAC Hearing.* During the period of the freeze or restriction, GPAC will hold a hearing to determine whether or not the Group receiving ECGPS funding has breached the allocation contract.. The affected Group shall be allowed to speak and present evidence in its defense. All other aspect of such hearings shall be conducted in accordance with the Administrative Procedures Act (State Code of Iowa Chapter 17a).
  - (d) *GPAC Recommendation.* If GPAC determines that a permanent freeze, restriction, reversion, or revocation of ECGPS funding to the account

involved is appropriate, it shall forward such a recommendation to ECGPS. Such a decision shall require a majority vote of GPAC. If GPAC determines that the terms of the allocation contract shall have not been breached and the involved account has been temporarily frozen or restricted, GPAC may reinstate the account with a majority vote. If GPAC cannot reach a conclusion, then notice of such shall be sent to the ECGPS. Written notice of the decision, actions, or lack of either by the GPAC shall be sent to the group representative originally informed before consideration of the report by GPAC.

- (e) *ECGPS Actions.* ECPGS shall consider the recommendation or notice of GPAC by hearing the report of GPAC and any appeal by the affected Group. If the recommendation of GPAC shall be to invoke permanent actions, ECPGS shall either 1) approve the recommendation by a majority vote, 2) approve the recommendation with amendments to reduce the actions against the accounts involved by a majority vote, or 3) reject the recommendation by failing to approve it. If the affected Group shall wish to appeal the GPAC recommendation, then such consideration shall be conducted under the same procedure as the GPAC hearing. If ECGPS shall fail to approve the recommendation of GPAC, then any temporary freeze or restriction shall be removed. If ECGPS shall wish to consider permanent actions against the involved account, either against or with the lack of a decision by GPAC, ECPGS shall call for a hearing. Calling such a hearing shall require a majority vote of ECGPS. Such hearing shall be conducted under the same procedure as the equivalent GPAC hearing.

the numbers of undergraduate, graduate, and professional students in this population. The requesting groups shall also provide a description of the leadership in the target population including the numbers of undergraduate, graduate, and professional students in leadership GPAC shall attempt, in such reasonable manner, to verify these numbers.

- (3) *Program Effectiveness.* Requesting groups shall provide an estimate of the number of students that were reached by the program—or similar programs—in previous years. GPAC shall attempt to verify these numbers in a reasonable manner, including by audit.

(C) **Budget Request Reduction Criteria.**

GPAC will deliberate on groups' budget requests in order to establish recommended levels for Line Item and Program allocations. Motions to reduce the requested amount shall cite one or more of the criteria listed below. In the case of a violation of University of Iowa Human Rights Policy, as determined by the Office of the Vice President for Student Services, ECGPS funding may be partially or totally denied. With the exception of a violation of the University of Iowa Human Rights Policy as determined by the Office of the Vice President for Student Services, the following criteria shall be the only acceptable criteria by which allocation recommendations will be reduced:

- (1) *Funding Guidelines.* Before evaluating budget requests, GPAC shall establish and publish certain funding guidelines for specific items to be applied uniformly to all funding requests. GPAC shall deny funding requested in excess of the funding guidelines.
- (2) *Impermissible Expenses.* GPAC shall deny funding for certain items which are deemed impermissible.
- ~~(3) *Political/Religious.* Partisan political groups or programs and exclusive religious groups or programs are not eligible for GPAC funding.~~
- ~~(a) Partisan political groups are organizations affiliated with a registered political party or candidates for election which are formed for the purpose of supporting a political party or candidate for election.~~
- ~~(b) Exclusive religious groups are organizations that restrict membership or access to programming according to religious belief. Religious groups may otherwise freely express political beliefs.~~
- (4) *Human Rights Violation.* GPAC shall deny funding requests if the  
~~it has a reason~~  
 to believe requested funds will be used in violation of the University of Iowa Human Rights Policy, as determined and authorized by the Office of the Vice President for Student Services.

funding only if the good is nonfunctional, and the group has demonstrated proper use of the good.

- (12) *Standard Office Supplies.* GPAC will only consider funding office supplies for organizations that meet the following criteria: 1) the organization must have an official office that is known by the Office of Student Life; and 2) the organization must have a minimum of 10 office hours per week. "Office Supplies" are common desk items used by an organization to fulfill their duty from their office and generally include things like paper, pens, and paper clips, for example. Exceptions will be considered on a case by case basis.
  - (13) *Multiple Programs.* If GPAC believes that a program is a conglomeration of several programs, GPAC shall have the authority to divide the requested program and its constituent line items into separate programs and line items.
  - (14) *Satisfied Need.* GPAC may reduce or deny funding if a Group's intention is already satisfied in University of Iowa or Iowa City community programs. A Group may overcome an objection to funding based on this criterion by providing a thorough explanation of the need for their particular group.
  - (15) *Lower Cost Alternatives.* GPAC may reduce funding if it believes that the programs or Line Items may be performed or obtained at a lower cost or through cooperation with other groups or agencies.
  - (16) *Outside Funding Pursuit and Availability.* GPAC may reduce funding if it believes that the Group has not adequately pursued outside sources of funding for the program. GPAC may reduce funding if there is outside funding available to the Group, regardless if it is utilized.
- (D) **Prohibited Allocations.**  
 Allocations for the following expense items are prohibited from receiving ECGPS funding, except where specifically in these bylaws. GPAC will create a list of Maximum Funding Standards, which will serve as guidelines for EGCPS deliberations annually. These guidelines will include but are not limited to the following:
- (1) *Food/Beverages.* GPAC will allocate a minimal amount of funding to food/beverage providing organizations sufficiently describe and justify the need for food at an event. No funds will be allocated to organizations to cover the cost of food at regularly scheduled organization-based meetings. There is no guarantee food/beverage will be funded, however as a line item it is not automatically dismissed.
  - (2) *Trophies/Awards.*
  - (3) *Contingencies/Unspecified Expenses.*

- (4) *Membership Fees.* Such fees shall be defined as those of an individual or individuals paid to an organization on a periodic basis.
- (5) *Contributions.* Contributions to UI departments or ECGPS groups shall be excepted from this prohibition, unless the GPAC has reason to believe that such contributions would be used to circumvent other rules, procedures, priorities or criteria of these bylaws, or other legislation of the ECGPS.
- (6) *Commencement.* Any graduation service or ceremony for any of the colleges of the University of Iowa.
- (7) *Political Groups.* No funding shall be provided to partisan-political groups.
- (8) ~~*Religious Groups.* No funding shall be provided to exclusive religious groups.~~

However, at an event for which ECGPS funds shall have been allocated, fees may be charged for goods and services other than those for which ECGPS funds have been allocated. Such fees also shall not exceed the cost of the event less the amount allocated for the event by the UISG and outside sources of funding. Incidental line items, e.g. advertising and room charges, which support both the fee-charging and the ECGPS-funded portions of the event shall also be eligible for ECGPS funding. All advertising shall clearly state that attendance to the ECGPS-funded portions of the event is free of charge. Allocations for other activities that have the sole purpose of raising money shall also be prohibited.

Mr. Mattox,

I received the email below from your office yesterday, and I was able to open your letter in the attachment. I also have obtained a copy of the Graduate and Professional Allocations Committee (GPAC) bylaws amendments dated May 14, 2009, which I understand the graduate student government discussed earlier this week.

You requested a response to the concerns raised in your letter by June 17, 2009. I will be out of the office beginning this afternoon until June 15, so I anticipate that I will need additional time to respond. The University's Office of the Vice President for Student Services is currently reviewing the GPAC bylaws amendments, and we will address your concerns on my return to the office. Please be assured that the Vice President for Student Services will not approve student government decisions denying funding to the Christian Legal Society (CLS) in violation of the Constitution. Moreover, it is my understanding that no funding request from the CLS is currently pending.

I do expect that I will be able to respond more fully to your letter the week of June 22.

RE: *The Daily Iowan* article regarding Christian Legal Society chapter

Dear Ms. Lukas:

The Center for Law & Religious Freedom represents the Christian Legal Society Chapter at the University of Iowa College of Law (CLS-Iowa). As you know, on several occasions since 2003 CLS-Iowa has communicated with your office concerning the application of University or student government policies to deny recognition or certain of its incidents to CLS-Iowa. Each time, most recently being June 2009, we have reached a mutually agreeable resolution, maintaining the chapter's recognition and all its incidents. Your office has consistently recognized CLS-Iowa's constitutional right to maintain its voting membership and leadership policies and has not permitted the chapter to be penalized for the exercise of its constitutional rights.

This letter is prompted by a story in today's *The Daily Iowan* that suggested that the University was being pressed, yet again, by students hostile to CLS-Iowa to reconsider its status at the University based on the false premise that the Supreme Court's decision yesterday would support reconsideration. As we will briefly discuss, any change in CLS-Iowa's status would conflict with your office's previous decisions and is unsupported by the Court's decision.

While CLS-Iowa enthusiastically welcomes everyone to attend and participate in its meetings and activities, it draws voting members and officers from among those who share its religious beliefs by affirming its statement of faith. In a letter dated February 20, 2004, Associate Dean Thomas Baker stated:

[T]he [University of Iowa] Human Rights policy does not prohibit student groups from establishing membership criteria. A student religious group is entitled to require a statement of faith as a pre-condition for joining the group. *Asking prospective members to sign the CLS statement of faith would not violate the UI Human Rights Policy.*

(emphasis in original) (copy attached). Mr. Baker also stated:

Since the Human Rights Policy protects groups such as your CLS student clients from discrimination on the basis of creed, it is not necessary to formally exempt religious groups from the Human Rights Policy in order to ensure that the rights of CLS members are protected. Once recognized, the University is obliged to protect the right of CLS members to espouse the group's basic tenets.

Mr. Baker acknowledged the distinction in University of Iowa policies between "class characteristics such as race and gender, on the one hand, and on the other hand the personal conduct of those who seek to join student organizations." "The CLS would not be required, and will not be required, to condone the behavior of student members – after they join your group – that is contrary to the purpose of your organization and its statement of faith."

In 2008 and 2009, in accordance with its 2004 letter, the University rejected attempts by the student government to deny CLS-Iowa funding because of hostility to CLS's religious viewpoints. This morning's *The Daily Iowan* suggests that the student government hostility to CLS's religious viewpoints continues from past years. We trust that the University will continue to resist efforts by the student government to suppress viewpoints with which it disagrees, including CLS's religious viewpoints.

We would make two basic points regarding yesterday's Supreme Court decision that require CLS-Iowa's status to remain unchanged:

1. The Supreme Court's decision is narrowly confined to the unusual policy unique to Hastings College of the Law that requires all student groups to allow any student to be a member and leader of the group, regardless of whether the student agrees with—or actively opposes—the values, beliefs, or speech of the group. The decision does *not* apply to the typical nondiscrimination policy that prohibits discrimination on the basis of enumerated protected classes (including religion and sexual orientation) which are commonly found at most universities. The majority opinion emphasizes that "[t]his opinion, therefore, considers only whether conditioning access to a student organization forum on compliance with an all-comers policy" is permissible and does not address the typical written nondiscrimination policies protecting enumerated classes. *Christian Legal Society v. Martinez*, No. 08-1371, slip op. 12; *id.* at 11-12 & n.10. Justice Stevens was the sole justice in the majority who opined that a written nondiscrimination policy could be constitutionally applied to religious student groups. Slip op. 1 (Stevens, J., concurring). Four justices concluded that a nondiscrimination policy protecting enumerated classes, including religion and sexual orientation, could not be constitutionally applied to deny recognition to a CLS chapter. Slip op. 18-23 (Alito, J., dissenting). These justices stressed that application of a nondiscrimination policy prohibiting discrimination on the basis of religion or sexual orientation would be unconstitutional viewpoint discrimination. Slip op. 19 (Alito, J., dissenting). Justice Kennedy, who joined the majority regarding the all-comers policy, at oral argument noted that an enumerated nondiscrimination policy was more constitutionally problematic than the all-comers policy. Oral Arg. Trans. 6. The Seventh Circuit's decision in *Christian Legal Society v. Walker*, 453 F.3d 853 (7<sup>th</sup> Cir. 2006), continues to be the leading precedent regarding enumerated nondiscrimination policies. The Seventh

Circuit held that a university's application of a nondiscrimination policy to a Christian Legal Society was unconstitutional. As Dean Joan Howarth of the Michigan State University College of Law has explained, "the application of the nondiscrimination policy against faith-based groups undermines the very purpose of the nondiscrimination policy: protecting religious freedom." Joan Howarth, *Teaching Freedom: Exclusionary Rights of Student Groups*, 42 U.C. Davis L. Rev. 889, 914 (2009).

2. The University does not have an all-comers policy like Hastings for good reason. Hastings' all-comers policy undermines the very protection for minority groups that nondiscrimination policies are intended to protect. For example, as Hastings' acting dean admitted in a PBS interview, Hastings' policy requires that an African-American student group admit white supremacists. <http://www.pbs.org/wnet/religionandethics/episodes/april-16-2010/christian-legal-society-v-martinez/6109/>. As this demonstrates, Hastings' all-comers policy erases all student groups' First Amendment right to require their leaders to agree with their specific goals, values, and speech. Hastings' policy requires that the Democratic Club accept Republicans as officers and vice versa. Not only does this weaken the ability of the groups to carry out their political advocacy but it also means that smaller, unpopular political movements can easily lose their identity if enough students wish to stop them from expressing their message. An all-comers policy is much more difficult to administer because it increases the University's need to supervise all decisions made by student groups regarding membership and leadership rather than just those that are related to specific protected classes.

Moreover, an all-comers policy seemingly would spell the end of the Greek system at universities. As a stand-alone law school, Hastings need not worry about the impact of its all-comers policy on fraternities and sororities. If a university adopted a Hastings all-comers policy, it would not be able to simultaneously allow fraternities and sororities to exclude any students from membership, which would require a dramatic departure from their current means of operating.

This discussion by no means exhausts the reasons why we trust that the University will maintain the status quo and continue to abide by its past practices and customs regarding CLS-Iowa. We trust that the article was not representative of the University's stance on this matter. But we would welcome further discussion with the University if needed. I can be reached at (703) 894-1087 or by email at [kcolby@clsnet.org](mailto:kcolby@clsnet.org).

## BACKGROUND AND PERSONALITY

1 \*

Give a brief summary of your life including your home background and your spiritual background. Focus on the story of when and how Jesus redeemed your life and reconciled you to God through Jesus. Please be concise — limit to space below

Growing up, I never had a personal relationship with God. I was agnostic in middle school, and thought going to church was a waste of time. God softened my heart and I accepted Jesus as my Lord and Savior when I was a sophomore in high school.

2 \*

How have you seen the power of the gospel of Jesus transform your life over the past 1-2 years? List specific highlights and examples.

-Jesus has given me an incredibly missional heart. I love to be intentional with building friendships and relationships with those around me, with the hopes of one day being able to share the Gospel with them. I chose my room mate this year purposely (an atheist) to show him God's love through serving him and being a light.

-God has completely changed my what used to be a judgemental and prideful heart of one that wants to just love on others more and more. Being here at Iowa, I have realized that I am just as sinful as anyone else and no better than anyone else.

3 \*

What, in your opinion, are your strengths and weaknesses?

Strengths: Relating to people and seeking out the lost.

Weaknesses: Pride and Selfishness

## CHARACTER

AS BELIEVERS IN JESUS CHRIST, WE ARE ALL A WORK IN PROGRESS. 24:7 STAFF WOULD LIKE TO KNOW YOU BETTER AND SEE WHERE GOD IS AT WORK IN YOUR LIFE! REMEMBER THAT STRUGGLING WITH SIN DOES NOT NECESSARILY DISQUALIFY YOU FROM LEADERSHIP. IN FACT, AS YOU GROW IN MATURITY YOU WILL SEE YOUR SIN MORE CLEARLY AND HOLD ON TO JESUS' RIGHTEOUSNESS MORE TIGHTLY. NEVERTHELESS, GOD DESIRES THAT AS WE'RE BEING TRANSFORMED INTO THE IMAGE OF CHRIST OTHERS CAN SEE HIM THROUGH US.

1 \*

What does it look like for you to follow Jesus on a daily basis? Give specific examples (e.g. prayer, Bible reading, relationships, journal, etc.) Where do you see room to grow?

Spending time in the Word is a major part of my walk with the Lord. In addition, I love discussing what I am reading with other believers, and challenging them to grow more and more. I am very intentional about spending time with non believers as well in order to build the relationships and love on them like Jesus would.

The Bible's definition of sexual immorality is rooted in the Greek word pornea, which includes a wide variety of sins such as masturbation, viewing/addiction to pornography, fornication (sex outside marriage), lust, inappropriate relations with the opposite sex, homosexuality, etc. (1 Corinthians 6:12-20) Where do you see those sins in your life? Have you done anything to see God transform your life in those areas?

I am gay, and continue to wrestle with what the Bible actually teaches on the subject of homosexuality. Additionally, I struggle with lust, and I need to continue to trust that God will be enough and that ultimately I can be completely satisfied in Him.

3 \*

What are your Biblical convictions about alcohol? Why? How are you doing at living out those convictions?

I believe that the root problem of alcohol is a heart issue. I believe that drunkardness is sinful, but no worse than anything else. I do not struggle with temptations to drink.

4 \*

The Bible defines idolatry as worshiping something other than God (Romans 1:24-25). What is your heart prone to worship other than Jesus? (ex. body image, approval, success, food, pleasure, etc.)

Success and approval.

5 \*

Taking an honest look at our sin can leave us feeling guilty or depressed. How does the message of the gospel comfort or encourage you? How do you hope in the gospel and not your performance?

It is comforting knowing that Jesus understands the pain and struggles that we go through. And not only that, but Jesus died for our sin and takes away the penalty that we deserve. Nothing can separate us from God's love. I can live confidently and boldly that my Savior has made a way for me and that the work is finished. Whenever I get discouraged, I look to the cross to remind myself of the love of God.

## EXPERIENCE

AS BELIEVERS, WE HAVE ALL HAD DIFFERENT EXPERIENCES OF WORSHIP, COMMUNITY, AND MISSION. STAFF WANTS TO KNOW YOU AND HOW THE GOSPEL OF JESUS CHRIST IS MOVING YOU TO WORSHIP GOD, LIVE TRANSPARENTLY IN COMMUNITY, AND DESIRE TO MAKE DISCIPLES. IT IS OFTEN THROUGH EXPERIENCE THAT GOD HELPS US GROW PERSONALLY AND PREPARES US TO SERVE OTHERS.

1 \*

Do you have a regular rhythm of confession and repentance in your life? What does that look like and how do you worship God through it?

I usually wrap my night up with prayer. My prayer life is definitely something that I need to work on. One thing this year that God revealed to me was my prideful heart towards partiers. I came to Iowa having a false idea that people who partied were somehow worse than I was. But I have since repented from that, I have a heart of compassion and love towards them.

2 \*

When is the last time you "rebuked" or "restored" someone struggling with sin? How did you lead them in repentance and encourage them with the gospel? (Galatians 6:1, Proverbs 27:5-6)

I have a friend who recently gave his life to Christ last year who goes to Iowa. The first semester, he really struggled with partying and getting drunk. Over winter break, I met with him and wanted to encourage him to consider how his actions line up with what God wants. I always like to point the person to Jesus, rather than starting with the sin.

3 \*

Are you in a CAMPUS Group or Verve group? Who are the leaders of this group? What does your involvement in this group look like? Be specific.

Yes, I am in Verve. Corey and Brandon are my leaders. I regularly attend, and actively participate. We are going through the Gospel Centered Life. One awesome thing that I learned was how Jesus had nothing in common with us, yet he still pursued us and still loved us like crazy. We rebelled against him and continue to sin against him. With this in mind, we need to have that same attitude with others in our life. We have to continue to love others even when they don't love us.

BLinC-Def

4 \*

24:7 values holistic (all of life) discipleship. How have you been "discipled"? What did that entail? Have you had any experience trying to make disciples? If so, what did it look like?

I meet with Corey every week (or at least try to). Every week we would vary what we talked about. Sometimes we would read a passage and discuss it, and other times we would just talk about life and speak truth into each other's lives. This summer I am excited to learn how to better disciple others. I will be an intern at the Johnston Evangelical Free Church, and a lot of job will entail meeting with students one on one.

5 \*

If you are a believer in Jesus, God calls you "an ambassador for Christ" (2 Corinthians 5:20). What does it look like for you to live life as Christ's ambassador? Give practical examples.

Being an ambassador for Christ means always being prepared to share Jesus with them. It also means constantly being a representative of Jesus through your actions. One practical thing I do is I almost always agree to help my friends study. When we study, I make it a priority to show them I care about them as a person, and so I make an effort to ask them about how they are doing. Additionally, if the opportunity arises, I try to ask them about what their beliefs are so that I can invite them to verve or 24:7.

6 \*

Are you active in sharing your faith with others? How? Briefly describe your relationship with the last person you shared Christ with. How did you share Christ with them?

Yes. This is one of my spiritual gifts. There are several people that I am very intentional about sharing my faith with. One of them is my room mate, and we have had a lot of great discussions about what it means to follow Jesus and why I can trust that His Word is true. Another is a friend who I take MicroEconomics with. We study together regularly, and we have talked about his beliefs a little. I am in the process of sharing the explicit Gospel with him too.

## CALLING

THE WORD "CALLING" MAY BE UNFAMILIAR TO YOU, BUT IT CAN BE VERY APPLICABLE TO LEADERSHIP, SCHOOL/MAJOR, WORK, AND THE REST OF LIFE. WHEN YOU ARE "CALLED" TO SOMETHING, USUALLY THREE THINGS ALIGN: (1) PERSONAL DESIRE TO DO SOMETHING, (2) FRIENDS/MENTORS AGREE YOU HAVE THE ABILITY TO DO IT, AND (3) THERE IS AN OPEN DOOR OR OPPORTUNITY.

1 \*

Next school year, what will be the sphere(s) of influence you desire to focus on to see the gospel advance? Why? (ex: dorm hall, work, frat/sorority, athletic team, major, freshmen, club, internationals)

Dorm hall. I will be an RA in daum next year. I will have a lot of access to people's lives which makes me super excited to get to share what God has done in my life with others.

2 \*

Why do you want to be a 24/7 student leader?

I believe I can help serve the freshmen in Verve because I know how critical it is for people to get plugged in right away. I have a huge heart for the lost and believe I would have a ton of passion working with freshmen.

3 \*

Do you feel called to be a CAMPUS leader or apprentice? How about a Verve group leader or a part of the Servant Team? Why?

Verve Group-- see answer above.

4 \*

What are you passionate about? How could God use your passions/interests to advance His Kingdom? (e.g. hobbies, throw parties, interests, talents, sports, web design, event planning, etc.)

My passions are running, music, economics, and legal studies. I can use these as tools to connect with others so I can develop relationships with them to eventually share the Gospel with them.

5 \*

What are your expected involvements next year? Will you have time to commit to being a 24:7 student leader? (i.e. RA, work, class load, organizations, etc.)

I will be an RA, and I will possibly be on the executive board for Business Leaders in Christ. I am unsure about what weekends I will be able to leave (for the retreats) but I will certainly be able to commit to serving the freshmen and leading a Bible study weekly.

6 \*

What gets you excited about making disciples (Matthew 28:18-20)?

I love the opportunity God gives me to play a small role in His overall plan. His heart is for the entire nations, and I love being able to be a part of that. Seeing people come to know the Lord is one of the coolest things, and something that I have a huge heart for.

Print Response

7 \*

To the best of your ability, describe your goals/vision for your time in college. What do you want to do after college?

I plan on majoring in Business Management and Economics. My goals are to continue to strive to be a light to those around me, and share the Gospel with at least 5 people per year. After college, I have considered law school, but I am not exactly sure.

**ANSWER:**

Defendants object to the time frame, but provide the following response from January 1, 2008 to present.

BLinC

Feminist Union

9. Identify all University of Iowa programs, opportunities, or events existing at any time since 1997 (including but not limited to scholarships, awards, events, admission policies, and educational programs) that employ preference for or against students with regard to their race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, political affiliation, or associational preferences.

**ANSWER:**

Defendants object to this interrogatory because it is overly broad, burdensome and not likely to lead to the discovery of admissible evidence. Notwithstanding this objection, the University of Iowa provides the following response.

1. Advantage Iowa Award: For incoming first-year students who are U.S. citizens or permanent residents and who are from historically underrepresented populations (African American, Hispanic, Native American, Pacific Islander, Multiracial) at the University of Iowa; or who have participated in a federally funded Upward Bound program. A recruitment award with the sole purpose of attracting talented diverse students to UI. The Center for Diversity and Enrichment (CDE) manages the award. It is a merit scholarship so requires a specific GPA and ACT score to qualify. Incoming students who identify as Black/African American, Native American, Hispanic/Latino, Pacific Islander, or first generation are eligible to receive it. Since the point of this award is to recruit diversity to UI, if the student does not meet the eligibility based on identity, they won't be considered for it.

2. Iowa First Nations (IFN): A summer program directed to high school students with Native American identity. It is for students with Native American ancestry so if they are not of Native American ancestry, they would not qualify to take part. The program is directed towards Meskwaki tribe specifically since Admissions and the UI are in partnership with them in relation to recruitment.

3. TRIO Student Support Services: A federally funded grant program with the specific purpose of providing academic, personal, and financial support to first generation, low income, and disabled college students. Services include tutoring, taking specific TRIO courses each year, GRE prep support, one on one coaching, and grant aid.

4. Military and Veteran Student Services: A program under CDE with the sole purpose of providing academic and personal support to student veterans and their dependents including transition support and career services. MVSS services are geared solely towards vets and dependents. These services include tutoring, University of Iowa Veterans Association support, and other related services and activities.

5. Iowa Edge: A summer orientation program for incoming UI students who identify as first generation or as a student of color (all marginalized racial identities including Asian).

6. Hawks and Eyas: A peer mentoring program for CDE eligible students (i.e., first generation students and students from marginalized backgrounds including LGBTQIA)

7. CDE Graduation: An annual graduation ceremony where CDE students and graduates are recognized for their accomplishments. They receive medallions if they are graduating and special awards and recognitions if nominated by a staff member or faculty member for their accomplishment. CDE eligible students are the focus, i.e. racial/ethnic minorities, first generation students, low income students, military affiliated students, and individuals who identify as LGBTQIA. The campus community is invited each year.

8. CDE partners with Admissions on various minority recruiting trips and endeavors including helping to host campus tours for "special groups", i.e. groups interested in diversity services and traveling out of state for recruiting purposes.

9. Week of Welcome: Held annually the first week of classes, it's a week of activities (ice cream social, military day, carnival day, etc.) hosted by the CDE for CDE eligible students.

**Supplemental Answer dated 8/07/2018**

**See documents numbered 8699-8783.**

10. List all student organizations, including but not limited to fraternities, sororities, sports clubs, and sports teams recognized or sponsored by the University of Iowa at any time since 1997, that have employed criteria for the selection of leadership positions, membership, or participation involving a preference for or against students with regard to their race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, political affiliation, or associational preferences.

**ANSWER:**

Defendants object to the time frame, but provide the following response from January 1, 2008 to present. See documents produced.

11. Identify all sources of any funds, including any student fees, that are made available by the University of Iowa for use by registered student organizations or that are otherwise used to support registered student organizations.

**ANSWER:**

University of Iowa Student Government funding – Activity Fee  
Graduate and Professional Student Government funding – Activity Fee  
Center for Student Involvement and Leadership Grant funding  
Associated Residence Halls funding

12. Identify any communications by Defendants concerning BLinC or this lawsuit, including but not limited to any internal meetings, communications with the Board of Regents, or private conversations concerning BLinC or this lawsuit.

**ANSWER:**

See documents produced.

13. Identify all individuals who played a role in the decision to deregister BLinC and describe their role and their arguments for or against deregistration.

**ANSWER:**

Defendants object to this interrogatory to the extent that it asks for argument. The fact based answer is as follows:

William Nelson

Lyn Redington

See documents produced.

14. Identify any and all compelling interests that the University of Iowa has in preventing religious student groups from selecting leaders who embrace and will agree to follow their religious mission and teachings.

**ANSWER:**

Defendants object to this interrogatory because it is asking for legal conclusions and argument. Notwithstanding this objection see Title VII, Title IX, Chapter 216 Iowa Code, and the 14<sup>th</sup> Amendment to the United States Constitution.

15. Identify any and all sanctions less severe than deregistration that the University of Iowa considered imposing against BLinC and why the University decided not to impose them.

**ANSWER:**

See documents produced.

16. Explain why the University of Iowa believes that BLinC's statement of faith is discriminatory on its face.

**ANSWER:**

Defendants object to the form of this Interrogatory as it calls for legal conclusion. Notwithstanding this objection, the University of Iowa seeks to enforce its rights under the U.S. Constitution, the Iowa Constitution, Federal and State law.

17. Identify how the University of Iowa believes that BLinC must change its leadership selection process to comply with the University's Human Rights Policy and Nondiscrimination Statement.

**ANSWER:**

The non-discrimination policy speaks for itself. The University is simply seeking to enforce a content neutral policy.

18.Detail any changes to the University of Iowa's enforcement of its Human Rights Policy or Nondiscrimination Statement since January 23, 2018.

**ANSWER:**

The Center for Student Involvement and Leadership (CSIL) has revoked the ability for Registered Student Organizations (RSO) to upload governing documents into their OrgSync portal. This action is now limited to staff. Organizations must submit governing documents to CSIL who will review for requirements and approve. CSIL staff will then upload governing documents to an RSO's portal once they have been approved.

19. Identify any communications the University of Iowa has had with any students or any registered student organizations in response to the Court's order dated January 23, 2018.

**ANSWER:**

The UI communicated with student leaders within BLinC regarding their ability to participate in the Student Organization Fair and the continued use of their locker located within the Tippie College of Business.

CSIL has communicated with numerous student organizations that did not have the required Human Rights Clause or financial statement in their governing documents. The communication was sent via email on April 20, 2018.

Supplemental Answer on 7/13/2018.

See documents in response to Request for Production Nos. 9 and 10.

20. Explain why the Korean American Student Association and Feminist Union are no longer listed on the University of Iowa's OrgSync website.

**ANSWER:**

Both the Korean Student Organization and the Feminist Union were de-registered for failing to re-register their organization by the registration deadline. Neither Korean American Student Association nor the Feminist Union have taken steps to renew their organization outside of the re-registration period via the Reactivation Process. Organization can re-register outside of the re-registration period by filling out the Organization Reactivation form. The responses to the form are approved by CSIL staff. Approval is based on the organizations perceived ability to re-register within re-registration period in the future.

21. Identify all persons who provided any information used, or any documents reviewed or referenced, in answering these interrogatories.

**ANSWER:**

Andrew Kutcher

Anita Cory

William Nelson

# EXHIBIT Y

**Constitution of The University of Iowa  
Student Chapter of InterVarsity Graduate Christian Fellowship**

The name of the organization is InterVarsity Graduate Christian Fellowship, The University of Iowa graduate chapter of InterVarsity Christian Fellowship/USA.

**Article I -- Purpose**

InterVarsity Graduate Christian Fellowship at The University of Iowa is a student-led group with three primary objectives:

- \* to invite the academic community to take a fresh look at the life and message of Jesus;
- \* to help Christian grad students and faculty to grow spiritually and live faithfully as they develop their gifts and talents for service in the world;
- \* to contribute to the wholeness of The University of Iowa – “Our goal is to create the beloved community” (Martin Luther King, Jr)

**Article II – Basis of Faith**

The Basis of Faith of this organization will be the basic biblical truths of Christianity, including:

- \* The only true God, the almighty Creator of all things, existing eternally in three persons Father, Son, and Holy Spirit--full of love and glory.
- \* The unique divine inspiration, entire trustworthiness and authority of the Bible.
- \* The value and dignity of all people: created in God's image to live in love and holiness but alienated from God and each other because of our sin and guilt, and justly subject to God's wrath.
- \* Jesus Christ, fully human and fully divine, who lived as a perfect example, who assumed the judgment due sinners by dying in our place, and who was bodily raised from the dead and ascended as Savior and Lord.
- \* Justification by God's grace to all who repent and put their faith in Jesus Christ alone for salvation.
- \* The indwelling presence and transforming power of the Holy Spirit, who gives to all believers a new life and a new calling to obedient service.
- \* The unity of all believers in Jesus Christ, manifest in worshipping and witnessing churches making disciples throughout the world.
- \* The victorious reign and future personal return of Jesus Christ, who will judge all people with justice and mercy, giving over the unrepentant to eternal condemnation but receiving the redeemed into eternal life.

To God be glory forever.

All leaders of this organization – Leadership Team members, Small Group/Bible Study Leaders, and any serving in an official leadership role – must subscribe to the above Basis of Faith.

**Article III -- Membership**

Membership and participation in this organization is open to all students, staff, faculty and others who desire to take part in and support its program and ministries. There are no minimum or maximum limits on membership, and membership is on a voluntary basis.

*In no aspect of its programs shall there be any difference in the treatment of persons on the basis of race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, associational preferences, or any other classification which would deprive the person of consideration as an individual. The organization will guarantee that equal opportunity and equal access to membership, programming, facilities, and benefits shall be open to all persons. Eighty percent (80%) of this organization's membership must be composed of UI students.*

General membership is open to all who wish to participate in the group's activities, and such members do not need to affirm the organization's statement of faith. Members who hold leadership positions must affirm the organization's statement of faith; failure to do so will prevent them from serving as leaders, but their general membership will not be revoked. There are no official forms for general membership. Voluntary attendance at any of the group's activities qualifies as membership.

#### **Article IV – Officers and Duties**

- Section 1. The leadership of this organization will consist of a Leadership Team, Small Group Leaders, and other roles as needed. The number of leaders, including the Leadership Team, and other positions will vary each year depending on current membership and the needs of the fellowship. InterVarsity Staff are full members of the chapter Leadership Team. The standing Leadership Team, which includes InterVarsity Staff, will determine positions each year. The Leadership Team may select secondary leaders to serve the Chapter each year as needed.
- a) Leadership Team provides overall leadership for the group and assists in maintaining the group's overall direction with respect to both local and national yearly goals. Members of the Leadership Team include:
    - \* President: Chairs Leadership Team in developing vision, organizing structures and carrying out events.
    - \* Large Group Coordinator: Offers leadership in planning and implementing monthly meetings and other whole group events.
    - \* Engagement Coordinator: Offers leadership in engaging the wider university, coordinating new student outreach and collaborating with others in sponsoring public lectures and forums and other events.
    - \* Outreach Coordinator: Offers leadership in prayer ministry and service opportunities.
  - b) Small Group Leaders are responsible for regular gatherings for activities such as but not limited to Bible study and discussion groups.
  - d) Additional leadership positions may be created by the Leadership Team needed.
- Section 2. The Leadership Team will be responsible for organizing all meetings, activities and events of the Chapter in order to fulfill the Purpose of the Chapter (c.f. Article I).
- Section 3. Leadership of the InterVarsity Graduate Christian Fellowship at The University of Iowa involves significant spiritual commitment. Chapter leaders are expected to indicate their agreement with InterVarsity Christian Fellowship/USA's Doctrine and Purpose Statements and exemplify Christ-like character, conduct and leadership (1 Pet. 5:1-7; 1 Tim. 3:1-13; Gal. 5:19-26; and 1 Cor. 6:7-11).
- Section 4. Leaders may be removed from their position by a simple majority of the Leadership Team. Any member of the Chapter may make a complaint against any leader in the Chapter including a member of the Leadership Team. Following the complaint, the Leadership Team (or a member(s) of the Leadership Team) shall meet to confer with the Chapter's IVCF Staff for advice and counsel. They will also meet with both the complaining individual and the accused leader. No leader may be removed without first receiving a full and fair hearing from the Leadership Team. A leader complained against may only be removed by at least a simple majority agreement of the remaining members of the Leadership Team.

## **Article V – Advisors**

This organization has two advisors. A faculty member is invited by the Leadership team to advise student leaders and members. A pastoral advisor, a campus minister on staff with InterVarsity Christian Fellowship, provides spiritual leadership for the group. These advisors have many roles, such as helping to select and train the Leadership Team, speaking at meetings, counseling students individually, and serving as conduits to other organizations and opportunities with which students may be interested in getting involved.

## **Article VI -- Meetings**

- Section 1. Meetings for Bible study, worship, teaching and prayer will be held at times decided by the members. One large group meeting will be held per month, and other small groups may meet at other times during the month.
- Section 2. Other meetings for the discussion and presentation of matters pertaining to the life and purposes of the organization will be held as occasion warrants. Gatherings other than the monthly large group meeting must be approved by the Leadership Team in order to be officially sponsored.
- Section 3. Meetings will be announced to members at the beginning of each semester and through twice a month e-mail messages. Any changes or additions will be conveyed by e-mail to our members within a reasonable time frame to promote the attendance of all who are interested.
- Section 4. Any member of the Leadership Team, an appointed representative, or the advisor has the authority to call and start a meeting. Leadership meetings must be called by the Leadership Team or advisor.

## **Article VII – Selection of Leadership**

- Section 1. The Selection Committee will consist of the Leadership Team, advisor, and any other leaders the Leadership Team feels would be helpful for the process.
- Section 2. The Selection Committee will receive nominations for new leaders from members of the chapter.
- Section 3. The Selection Committee will be responsible to see that all prospective leaders meet the conditions stated in Articles II, III, and IV.
- Section 4. New leaders will be selected on an annual basis by the Selection Committee for a term of one year.

## **Article VIII – Finances**

- Section 1. No dues are required for membership.
- Section 2. Members of the Leadership Team will be in charge of financial affairs, both administrative and authoritative.
- Section 3. Upon dissolution, state money and mandatory student fees revert back to the granting organization.  
  
Group fees should be divided as stated in the constitution and carried out by the dissolving group's members and officers.

If the group has dissolved and group fees have not been divided as stated in the constitution by 5 years from the last account activity, monies in the group's account will revert to an account specified for the purpose of UISG. These funds will then be available for distribution through SABAC guidelines in compliance with University of Iowa policy.

Section 4. Upon dissolution, remaining money will be given to the InterVarsity Christian Fellowship national organization to be used toward its purpose on campuses.

Section 5. The Chapter will obtain funding in the following ways:  
i. Through private donations and other fund-raising activities  
ii. Through funding from student fees

A member of the Leadership Team will be responsible for the Chapter's finances and for administering any segregated fee grants.
