**DECLARATION OF LINDA COTTEN**

1. My name is Linda Vogel Cotten. I am over the age of 18 and have personal knowledge of the contents of this declaration.

2. I am the Office Coordinator of the Undergraduate Admissions Office at Wheaton College. I have worked there for 9 years. During that time, I have relied upon Wheaton's health insurance.

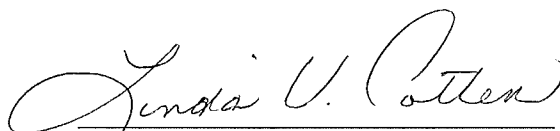

3. I am single and widowed. To purchase my current insurance in the public market would cost a significant portion of my income. I do not have a good alternative to Wheaton's health insurance. I do not think I could find a comparable plan that I could afford.

4. I have pre-existing condition that could prohibit me from getting a new plan, and I may have to forgo receiving medication if I have to go without insurance for any length of time.

5. Because of this, I am deeply worried about what will happen with Wheaton's insurance plans. I want to continue serving the community at Wheaton, but this mandate might make that impossible. This is not a hypothetical legal problem, it is a real problem for me.

6. I share Wheaton's religious convictions and support the College in this lawsuit. I can only hope that the result will allow Wheaton to continue to provide me with health insurance.
